

Gal Hamo

Senior Video Editor and former Cinematographer with over 10 years of experience in crafting compelling narratives across various media platforms. Proven track record of transforming raw footage into visually stunning final products that engage and captivate audiences. Passionate about storytelling and dedicated to bringing creative visions to life.

Freelance Video Editor & Cinematographer | Tel Aviv | 2011 - 2025

- **Elevated Visual Storytelling:** Edited 150+ videos across diverse genres; documentary, commercial, music videos, corporate, social media.
- **Music-focused:** Ensured the most accurate musical feel during the offline editing stage and accompanied many projects through the music composition and mixing process.
- **Collaborative Approach:** Worked closely with directors, producers, and other post-production professionals to ensure seamless integration of visuals, sound, and music.
- **Efficient Workflow Management:** Optimized editing processes for maximum efficiency, consistently delivering projects on time and within budget.
- **Client Satisfaction:** Received consistent praise from clients for technical proficiency, creativity, and ability to meet and exceed expectations.

Senior Video Editor | M.R.D Labs | 2023 - 2025

- **Creative Editor Role:** Collaborated with the creative team in the early project stages to ensure thorough planning, leading to a well-structured story before editing, and resulting in a high-quality final product.
- **Diverse Project Portfolio:** Edited a variety of projects in the political field, from Tiktok Reels to Documentary series.
- **Mentorship:** Mentored junior editors, sharing knowledge and expertise to foster their professional development.
- **Technical Innovation:** Explored editing technologies to enhance the creative process.
- **Added Value:** Utilizing a cinematography background to enhance visual storytelling.

Professional Statement

With a strong foundation in editing and cinematography, I leverage my expertise to create impactful visual stories. I favor an old-school editing approach while remaining committed to continuous learning and adapting to emerging industry trends. For me, storytelling is the most important element in filmmaking.
