Each car in each class is required during each of its on-track sessions to have a properly mounted and functioning AMB TRANX 260 or MyLaps X2 car transponder. Transponder times are the official times for all competition vehicles. The driver is responsible for providing correct information to Timing and Scoring (T&S). All cars are required to display CenDiv series stickers visibly placed on each side of the vehicle to be eligible for the CenDiv Divisional Championship Series presented by Tro Manufacturing and C&P Installations. Stickers are provided free of charge and are available at tech.

**CAR NUMBERS:** Every effort will be made to honor 2018 CenDiv reserved numbers through noon on August 3, 2018. Due to the make-up of run groups, however, this may not be possible in all situations. If two drivers holding the same reserved number request that number for the same run group, the number will be assigned to the driver with the earliest request. At noon on August 3, 2018, all unused reserved numbers will be available on a first-come, first-served basis. All three-digit car numbers must start with 1, i.e.: 1XX

A driver whose helmet has not been issued a current year sticker must present all driver gear (as listed in the GCR), with the vehicle logbook, and the completed tech card at Tech. If the logbook does not have a current Annual Technical Inspection stamp the vehicle must also be presented. The Tech building is located at the Hagerty Tech Center.

**SCALES:** Tech scale hours are 7:00AM-11:00AM Saturday and Sunday. Scales may be available for other participants during race impound, but priority will be given to impounded cars. Scales may be made available at other times at the discretion of the Chief of Tech.

**SPLIT STARTS:** Split starts from any group that does not have one indicated in the schedule, are at the discretion of the Chief Steward who must receive a request within 30 minutes after posting of the final grid for the group.

**RACE LENGTH:** All races will be 12 laps unless declared a timed race by the Chief Steward.

**TIMED SESSIONS:** Depending on the circumstances, the Chief Steward may direct the clock to continue to run during black flag ALL in a timed session

**VICTORY LAPS:** When possible, victory laps will be permitted and are encouraged. The winner of each class should proceed immediately to pit out where he will receive a checkered flag and be directed on course for a single Victory Lap. Drivers must wear a helmet and gloves and all passengers, in an open cockpit car, must wear a helmet during the victory lap. Passengers are permitted in accordance with GCR 6.11.7. Drivers shall maintain a safe speed and be wary of any safety vehicles on course.

**START/FINISH:** The race will begin and end at the stripe in front of Timing and Scoring.

**EVENT SCHEDULE/RUN GROUPS:** If changes are made prior to the start of the event, as much notice as possible will be given to all affected competitors. The schedule as published is for planning purposes only. Actual session start times may deviate from the published schedule based on event circumstances. Please listen to the PA system and pay attention to what is happening on track. Start times indicated in the schedule are when cars are scheduled to be released from grid onto the track.

**TIMING AND SCORING:** If the Chief Steward allows the substitution of a car or driver, per GCR 5.12.3.A.6, any qualifying times earned for the original car/driver up to that point will be removed.

**BLACK FLAG:** Vehicles which are leaking/spilling fluids, including fuel, may be black flagged from any session.

**LAST LAP INDICATOR:** When possible, a "1 to Go" sign and/or waving white flag will be displayed at start / finish to indicate the last lap has begun. The failure to display a last-lap indicator is not protestable

**RADIO FREQUENCIES:** The following radio frequencies are reserved for race operations and may not be used by any competitors. These frequencies may be monitored but shall not be used for communication by any participant. Race Officials reserve the right to designate other frequencies for race administration.

452.700	457.700	461.150	461.325	462.200	463.700	464.075
461.175	463.225	464.525	466.175	468.225	469.525	

**NOISE POLLUTION:** The maximum sound reading allowed by local ordinance is 103dB. During the race, if your car exceeds three readings in excess of 103dB, you will be black flagged, and moved to last finishing position with a loss of event points. For your information, sound readings will be posted at driver information (by the gas pumps).

**PACE/SAFETY CAR:** In addition to GCR 6.6.2., the field shall follow the PACE/SAFETY car as long as its emergency lights are flashing, even if it varies from the normal race course. In the event a full course yellow results in dispatch of the safety car, the safety car will enter the racing surface at pit out.

**CLOTHING:** Proper credentials, closed toe shoes, and shirts with sleeves are required in pit lane, false grid, and on the grid.

**PIT LANE:** Cars entering the track from the pits must remain to the right of the blend line until the end of that line at turn one.

All competitors must maintain a slow, prudent speed on pit lane at all times. Use the transit lane until reaching and upon exiting your pit stall. Do not drive through other pit stalls. Tire scrubbing is not allowed at any time in the pit lane and in the transit lane. Tire scrubbing is permitted after the apex of corner one. Only pit stalls south of start/finish are open for competitor / team use.

All cars will the exit the hot pits only at pit out.

Please do not put any equipment in pit lane, including at the pit wall, +/- 10 feet of start / finish, as this may interfere with timing and scoring electronics.

Four crew members (plus the driver) are allowed over the wall to service a vehicle in pit lane, and only two (2) crew members are allowed over the wall for signaling purposes. No crew members are allowed at the pit wall during starts and restarts.

**RESULTS:** Live timing will be available during the event. Unless otherwise announced, live timing will be available via the Race Monitor App available for iPhone and Android phones. Qualifying, provisional and final results will be posted at Driver Information by the gas pumps.

**WELCOMING ENVIRONMENT:** The Central Division SCCA and its regions aims to provide an inclusive, welcoming environment for all participants. To that end, behaviors such as the following will be considered egregious examples of GCR 2.1.7, "Acting in an unsportsmanlike manner", and will be penalized as such:

**GENERAL RULES:**

Drivers may be held responsible for harm to property, including damage to the track and to the environment. Fees charged for the removal / disposal of hazardous waste or used tires will be assessed to the responsible driver.

The fastest qualifier in a race group who selects the "outside pole" (per GCR), must notify the grid marshal at the front of the field **before** the 5-minute signal is given for his race group.

If the Chief Steward allows the substitution of a car or driver, per GCR 5.12.3.A.6., any qualifying times earned for the original car / driver up to that point will be removed.

A competitor involved in contact, or who has violated flag rules (yellow, black, red, or checker) must report with his race car directly to the Steward in impound.

All body contact, including contact during drafting, which causes a car to act erratically and result in a change of position or a car leaving the course, will be investigated.

Road America has installed lights at several corner stations. These lights, if used, will be advisory only.

There may be an electronic number board on drivers left at corner 14 which will supplement the number board shown at the black flag station, drivers right at corner 14.

Double yellow flags will not be displayed at station 15 on starts and restarts.

Under a Checkered Flag or Black Flag ALL, if an EXIT sign is displayed at turn five, all cars must exit the course at that location and follow the direction of officials at the paddock crossover.

To facilitate timely movement of the next race group onto the track, cars entering the pits following the checkered flag may be stopped before center pit to allow the next group to exit the grid.

- iii. The first race group of each day may start their engines in the paddock at 7:30 AM
- iv. All competitors must vacate the premises by 7:00 PM Sunday. Unless directed otherwise, anyone involved in a tech or SOM action that will require remaining beyond 7:00 PM on Sunday must move your tow vehicle to the main paddock directly west of the tunnel prior to that time.
