## August

Orange Room is ready to jump into the month of August! We are having a great summer here and we hope that you are as well! This month our theme will be

identifying syllables within a variety of wild west words! For art we will decorate a paper plate cowboy hat cutout with an array of materials, and glue on a sheriff's star to complete the look!

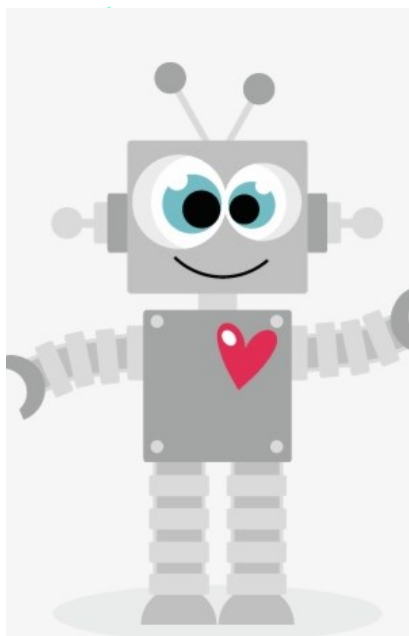

"Incredible Imaginations".

The first week of August we will be learning about Circus and Carnivals!

We will be making stained glass balloons using contact paper and tissue paper, popcorn art, a circus seal, and an ice cream cone! Children will also be drawing a picture of what their favorite clown would look like at the circus!

During our second week, we will be discussing the Wild, Wild West! We will practice writing cowboy themed words, and also practice

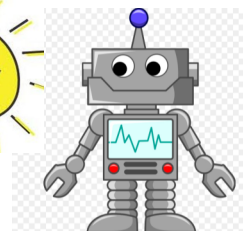

Our third week, we will be learning all about Robots and Inventions! We will explore a variety of inventions such as the light bulb, cars, and airplanes. We will explore new methods of painting using toy gears to make art prints. We will also make a string of lights using our fingerprints, popsicle stick airplanes, and the children will even design their own robots! They will also practice writing the letter of the week (Tt) as well as the sight word of the week (top).

For our final week of August, we will go back in time to explore the world of the Dinosaurs! We will be creating dinosaur patterns, play dinosaur BINGO, and explore the different body parts of a dinosaur. We will also be creating a dinosaur skeleton using cotton swabs, glue, and a dinosaur head cut out onto black construction paper!

We are looking forward to what August has in store for our Orange Room and would like to thank you for your continued support!
