PATRON ACCESS ASSISTANCE SERVICE (PAAS)

Patron Access Assistance Service (PAAS) provides electric cart transport and wheelchair escort for patrons with disabilities. The electric cart pickup is located near the accessible parking in Lot B. Wheelchair assistance may be arranged in the Box Office plaza with a PAAS team member. Electric cart pickup is available prior to and after the concert. Post-concert use of the cart service may involve a wait time, as the carts cannot readily make return trips against the flow of traffic.

The Bowl offers wheelchair escorts upon request on a first-come, first-served basis on the night of the event. The Bowl does not supply loaner or rental wheelchairs.

A PAAS team member will assist patrons with disabilities from the entrance gates to their seats, to the door of the restroom, to the Operations Office, or to the first aid station.

For guests who wish to transfer to a seat from their wheelchair, we will store your wheelchair or other mobility device at the west entrance of Promenade 1 or east entrances of Promenade 2 and 3 with house staff. The PAAS team cannot assist patrons transferring in and out of mobility devices. Patrons may make arrangements with PAAS to have the wheelchair returned at the end of the event, or any other time you request.

Following the performance, wheelchair escorts and electric cart service are available, although you may experience a wait time. Patrons who are assisted with wheelchairs by PAAS prior to the event will be automatically assisted out at the conclusion of the performance unless specified otherwise. Electric cart pickup service following the performance departs from the Field Gate, Box Office plaza, and picnic area 5 (east of Promenade 3).

SERVICE ANIMALS

Service animals are defined as dogs that are individually trained to do work or perform tasks for people with disabilities. The work or task a dog has been trained to provide must be directly related to the person's disability. Dogs whose sole function is to provide comfort or emotional support do not qualify as service animals under the Americans with Disabilities Act (ADA). Emotional support animals, comfort animals, and therapy dogs are not service animals under Title II and Title III of the ADA. This also applies to other species of animals, whether wild or domestic, trained or untrained. 28 C.F.R. § 36 (2010).

If a service animal behaves in an unacceptable way and the person with a disability does not control it, the Hollywood Bowl will not allow it onto the premises. Uncontrolled barking, jumping up on people, and running away from the handler are examples of unacceptable behavior. The Hollywood Bowl has the right to deny access to a dog that disrupts our operations. The Hollywood Bowl will exclude a service animal when its behavior poses a direct threat to the health or safety of others. 28 C.F.R. § 35.136.

The ADA requires the service animal to be under the control of the handler. This can be by means of a harness, leash, or other tether. The animal must be housebroken. The Bowl is not required to provide for the care or supervision of a service animal, including cleaning up after it. 28 C.F.R. § 36.302. For more information, see the Americans with Disabilities Act, Title 28 Code of Federal Regulations, Pt. 3536. 2010 ed.
