- ☐ **FLUIDS:** Your car should be free of leaks of any kind. All fluids should be inspected prior to the event to be sure they are at proper levels and have been changed at the correct interval. Including but not limited to: Oil, brake, clutch fluid, radiator coolant, power steering and transmission fluid.
- ☐ **BRAKES:** Sufficient pad material of 50% or more. Rotors ok no damage cracks etc. Fluid level correct, brake lines damage free. Brake lights working.
- ☐ **TIRES:** All tires must be no older than 5 years old. Tires must meet the speed rating of the vehicle. Tires must have no puncture repair plugs, cording, sidewall damage or defects.
- ☐ **WHEELS:** Wheels must be crack and damage free. All lug nuts must be present and secured at proper torque requirements. Hub/Center caps removed.
- ☐ **SUSPENSION & STEERING:** In full working order without leaks, wheel bearings secured.
- ☐ **ELECTRONICS:** All electronics of the car must be functioning normally. Battery must be securely mounted and the positive connection insulated to prevent grounding.
- ☐ **ENGINE COMPARTMENT:** Belts and hoses must be in good working condition. Throttle return springs tight.
- ☐ **BRAKE LIGHTS:** Two working brake lights must be fitted and in working order at all times.
- ☐ **SEAT BELTS:** Seat belts are required in all cars. Three point stock seat belts are ok Five point harnesses are recommended and preferred.
- ☐ **CONVERTIBLES / ROLL BARS:** All open top cars must have a roll bar, roll cage or hard top fitted.
OEM roll hoops that are designated as roll over protection are accepted.
- ☐ **FIRE EXTINGUISHER:** We recommend a fire extinguisher or fire system, securely mounted in the cabin easily accessible to the driver. This may be cheap insurance for personal safety.
- ☐ **CABIN:** Cabin must be free of any loose items.
- ☐ **SAFETY GEAR:** Helmets required for all track and autocross events (SA 2010 or newer) Long sleeve cotton shirts, Fire suit is preferred but only required in the Red run group.
