## EDUCATION

### ArtCenter College of Design | Pasadena, CA | Expected 12/2021

Bachelor of Science in Interaction Design Major, Design Matters Minor

Graduating with Distinction - GPA 3.87

- Teacher's Assistant - Assisted teachers with guiding over 20 students, attentively provided critical feedback regarding design thinking and design process, paving the way for significant personal and professional development.
- NIO Sponsored Design Studio
- Re-imagining Access Sponsored Studio - Used participatory design and research method to work with people with disabilities to improve the user experience and accessibility of ArtCenter Digital Library and Archives.
- Dibble Institute Sponsored Studio - Translated business and user requirements into UX/UI concepts such as storyboards, persona, wireframe, UI system, and prototypes within an accurate and timely manner. Designed 2 customized digital services across multiple platforms, discerning inventive strategies to boost customer engagement.

## PROFESSIONAL EXPERIENCE

### kley Inc | Los Angeles, CA | Jun 2021 - Oct 2021

UX Designer & Developer Intern

- Cross-applied design skills to develop user-friendly interfaces and features for UCLA Resilience Program to help 40,000 UCLA students find helpful resources on campus and foster a healthy lifestyle.
- Leveraged product thinking skills to oversee products end-to-end. Proficiently translated concepts into user flows, wireframes, prototypes, and design system to successfully promote user-centered designs, site interactions and user experiences for the program's responsive website.

### Optimization Analytics Technology | Singapore | 2021

UX/UI Designer

- Operated in close collaboration with a product manager and 4 engineers. Fostered bilateral communicative channel flows to ensure robust objective alignment, enhance understanding of design solutions, and benefits to projects.
- Analysited business goals and user goals, and translated insights into a comprehensive user-friendly interface that meets user needs while aligning with the business goals.
