

COMMIT

The journey starts here from grade school to secondary education. We are committed to support our students throughout their education journey- 1000s of students to be supported by 2026.

EDUCATE

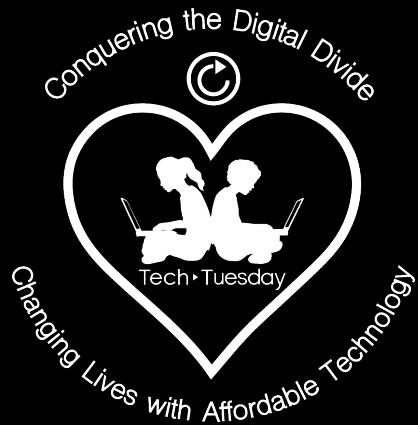

Provide the tools necessary to succeed – internet connectivity, guidance, and support.

CONTRIBUTE

Giving a child access to technology gives them power to grow.

MENTOR

Each child learns from our volunteers, staff and STEM coordinators in a 1-on-1 environment.

Tech Tuesday Program

Tech Tuesday was created by the founder of PlanITROI and his daughter to help families in need by providing technology assets and education to those that might not otherwise have access. The program reflects the core purpose of PlanITROI - to make a difference in the world by "changing lives with affordable technology". To learn more about Tech Tuesday and how it can benefit your students visit us at www.techtuesday.fun.

Tech Trade Up

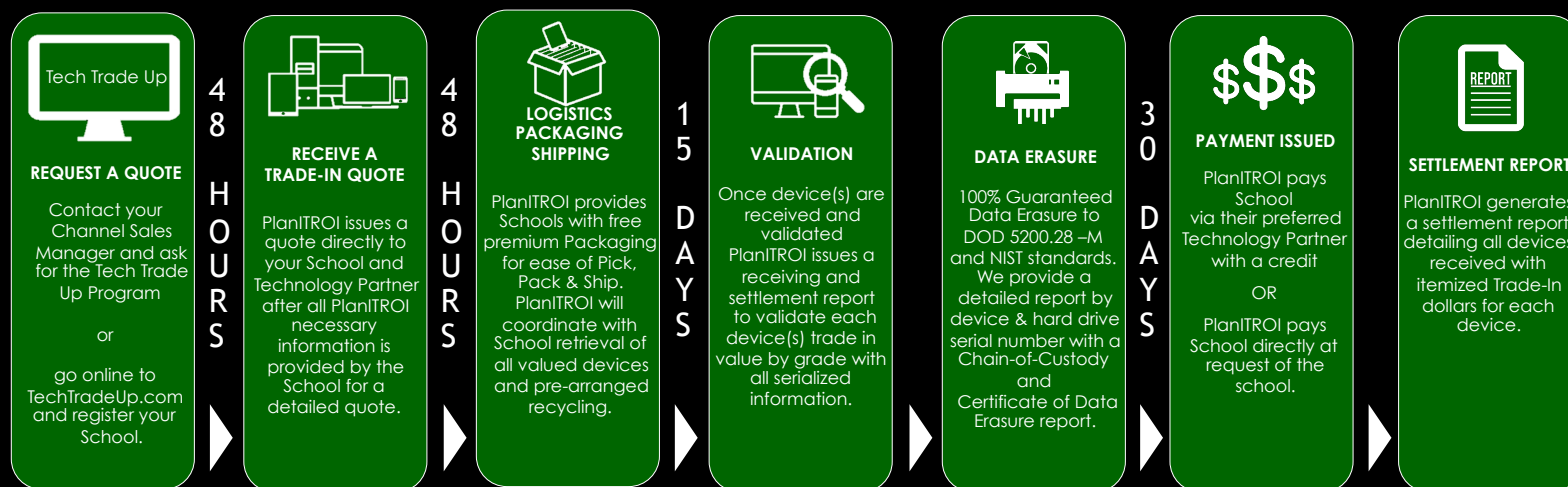

Powered by:  PlanITROI

What's in it for you?

Tech Trade Up allows your school to easily and securely Trade-In any retired device(s) and Trade-Up to new devices and services, helping your school expand its purchasing power through your existing technology partner. Tech Trade Up makes your end of life process easy for you and secure for your children, faculty, and school!
