

Catholic Faith Formation in a Post-Pandemic World

A Webinar Program for Designing Faith for 2021 and Beyond

Archdiocese of Hartford

The pandemic disrupted all of life, including the ways that we have done faith formation. In the midst of the pandemic pastors and faith formation leaders have done amazingly creative work in faith formation, reaching and engaging people of all ages at home, in small groups, and online—using digital tools and methods, such as websites, digital playlists, video conferencing, streaming, online classrooms, and social media platforms. Their work was nothing short of a transformation in the *how* and *when* and *where* of faith formation.

Now as we emerge into the post-pandemic world, we can begin planning for the future of faith formation in Catholic parishes. Leaders are asking. . . .

- How have our people been changed by the pandemic? What new needs and hungers have emerged? How can we respond to their lives in the post-pandemic world?
- How do we build on the effective approaches and tools we used during the pandemic? How do we sustain our innovations into the future?
- Where are the new opportunities for forming faith? What's possible now?
- How do we build more resilient, responsive, and adaptive faith formation for the future?

This webinar program and accompanying resources from Lifelong Faith Associates seeks to answer the question:

What will faith formation look like as we emerge from the pandemic in Fall 2021 and beyond?

Presenter: Jane Angha

The **Building Community and Relationships** webinar inspires and equips leaders in engaging children, youth, adults, and families as they return from a time of hybrid or at home learning. So many things have happened since the pandemic began and each of us and our ministries are forever changed. We will address those changes, discover what was successful and help create a path forward to welcome, offer hospitality, build relationships and create community. We will identify the scriptural and communal foundations of hospitality, assess current efforts and look for new opportunities as we reimagine our ministries and serve those in the faith community. The webinar will offer tools and resources to assess, innovate and design simple, effective and practical ways to create a community of welcome, hospitality and engagement that brings together everyone in the community. If we get this right, all our ministry efforts will be more successful and impactful from the start!
