

## EDUCATIONAL & DEVELOPMENTAL Sports Program for GIRLS & BOYS

At Playball, we have FUN while learning! We teach life skills and development through the medium of sports including SOCCER, BASEBALL, BASKETBALL, TENNIS, HOCKEY and VOLLEYBALL. Our unique program will help your children in the important developmental years between 20 months-5 years old in cognitive, physical, educational, social & emotional ways, all while learning & playing!

## WHAT IS PLAYBALL?

A sports-based program where kids have fun! We teach **LIFE skills and SPORTS skills** to help children develop cognitively, socially, physically and emotionally. After 30 successful years, we still pride ourselves on being age-specific and progressive, teaching the fundamental ball skills and more for **TENNIS, SOCCER, BASEBALL, BASKETBALL, HOCKEY, VOLLEYBALL and others** in a fun, energetic, and positive environment. Playball was created to suit the needs and abilities of ALL children, irrespective of current proficiency. We help children attain the **desire and confidence to participate in activities both on and off the field**. One of our most important goals is to encourage perseverance, as one of our mottos is **"try and try again."**

## THE PLAYBALL CLASS

- **Age appropriate and progressive** – ensuring the systematic development of skills
- **Structured** - comprising of a warm up, sports skills or other skills and a game
- **Non-competitive** - no child is ever put under pressure to achieve
- **Fast paced, creative and fun** - utilizing imagery and verbal labeling

Our classes are small enough for us to monitor each child and provide individual attention. **Each child works at his/her own pace and we encourage and enhance each child's ability.**

At Playball we're committed to addressing the needs of the whole child in many ways including:

- **PHYSICAL:** fine/gross motor development, muscle tone, hand-eye/foot-eye coordination, body balance, spatial perception, motor planning, running, jumping
- **SOCIAL:** sportsmanship, co-operation, discipline, respect, independence
- **EMOTIONAL:** confidence, self-esteem, perseverance, responsibility
- **COGNITIVE:** Auditory processing, visual discrimination, concentration skills
