

THE STORY OF ZHENG HE

1371 – 1433

A great Chinese nautical explorer and diplomat of the Ming Dynasty, the legend of Zheng He is a tale of adventure and valor. Commander of seven great voyages, Zheng He journeyed boldly from the South China Sea to the Arabian Gulf and across uncharted waters as far as Africa. These expeditions, unprecedented in size, brought great respect amongst the Chinese people and made Zheng He an icon in the history of Imperial China.

The culinary concept has been inspired by Zheng He's seven nautical explorations and by the oceans he crossed to reach as far as Antarctica & the Middle East.

Zhen He was known to spread Chinese culture where ever he visited, our menu is well rooted in Chinese traditions whilst offering new techniques and presentations - chefs are inspired by Zheng He's passion for new experiences.
