Park Hyatt Dubai is proudly taking part in the Choose Wisely campaign, driven by the Emirates Wildlife Society with The Worldwide Fund for Nature – EWS-WWF – as part of the newly introduced Hyatt Food Philosophy.

About Hyatt Food Philosophy

The Hyatt Food Philosophy's mission: Food. Thoughtfully Sourced. Carefully Served. It is a global philosophy focused on sourcing and providing food and beverage options that are good for you, good for our planet, and good for the local community. With this philosophy in mind, the restaurants at Park Hyatt Dubai now offer a variety of healthy and balanced options which are highlighted by fresh, seasonal ingredients, as well as sustainable local fish.

Choose Wisely: The Solution is in Your Hands

Overfishing is the practice of catching more fish than the oceans can sustain, depleting fish populations.

Studies show that the overall number of commercial fish in the UAE has declined by 80% in the last 30 years - all because of overfishing. You can help. By choosing to buy sustainable fish, you can contribute to a lower demand for overfished species. Take action now, choose sustainable fish options and help protect our marine resources for the future.

Choose Wisely, an initiative by EWS-WWF, provides information on local fish species and their level of sustainability. Visit choosewisely.ae and download your copy of the consumer guide

wok
