

JANUARY

2019

Happy New Year! Welcome back friends! Hope you all had a wonderful winter break. We missed you all! We have officially kicked off the New Year and are excited for all the fun events happening this year. This month we will be talking about animal habitats and animals of the world!

The first week we will learn all about arctic living! We will be talking about how people in the arctic live. The children will be learning about eskimos, igloos, ice fishing and sledding. We will also talk about the northern lights and get to paint our own northern lights art piece with water colors.

Next, it is all about different animal habitats. Each day, we will focus on; polar, desert, grassland, ocean and jungle habitats. We will discuss how each animal lives and practice letters sounds, shapes, counting and writing.

The following week, we will focus on book making. During this week, children will work together to create their own book. They will cut and glue materials together that begins with specific letters.

Lastly we will be talking about patterns. All week long, we will make various two and three-part patterns using different materials. We will make color and shape patterns and even make sound patterns.

We look forward to a fun filled year. Any questions feel free to let us know.

Birthdays

Karly 1/6

Veronika 1/12

Ms. Cindy 1/14
