I currently work as a production artist responsible for a variety of projects at a local advertising agency. I have worked on clients in healthcare, entertainment, and gaming. I am familiar with all manner of print design such as out of home, business cards and point of sale, as well as digital work like social media posts and banner advertisements. I work within many brands and communicate daily across departments.

Experience

Production Artist | Aug 2022 - Present

O.H. Partners | Phoenix, AZ

I am responsible for handling the day to day updates and revisions needed for any given project. I work with a variety of different clients and I am responsible for making sure that each revision is completed correctly and in a timely manner. I have to be able to adapt quickly to what each client needs and work with other creatives and departments to communicate on each project.

Creative Intern | Jun - Aug 2022

O.H. Partners | Phoenix, AZ

I and 6 other interns were responsible for preparing and presenting a rebrand of a client's loyalty app/website. Our goal was to increase engagement, draw newer players in with a new brand, and present a few exciting ways to announce the change to get the audience interested in using the app more frequently.

Tech | Dec 2021 - Jan 2022

Hand Therapy Partners | Tempe, AZ

At the clinic, I was responsible for taking care of the patients and the area they use before, during, and after their occupational therapy session. I brought the clients back to the tables and set them up with the appropriate hot pack before the appointment. During their session I got them the right tools and then cleaned up the area and any tools used afterwards.

Barista | Aug 2018 - Aug 2019

Renegade Coffee Company | Scottsdale, AZ

I worked to ensure customer satisfaction by taking orders and payments, while preparing a variety of foods and drinks for each customer. I worked with others to serve each customer as effectively and efficiently as possible.
