From here you are able to create a new form or pick from template

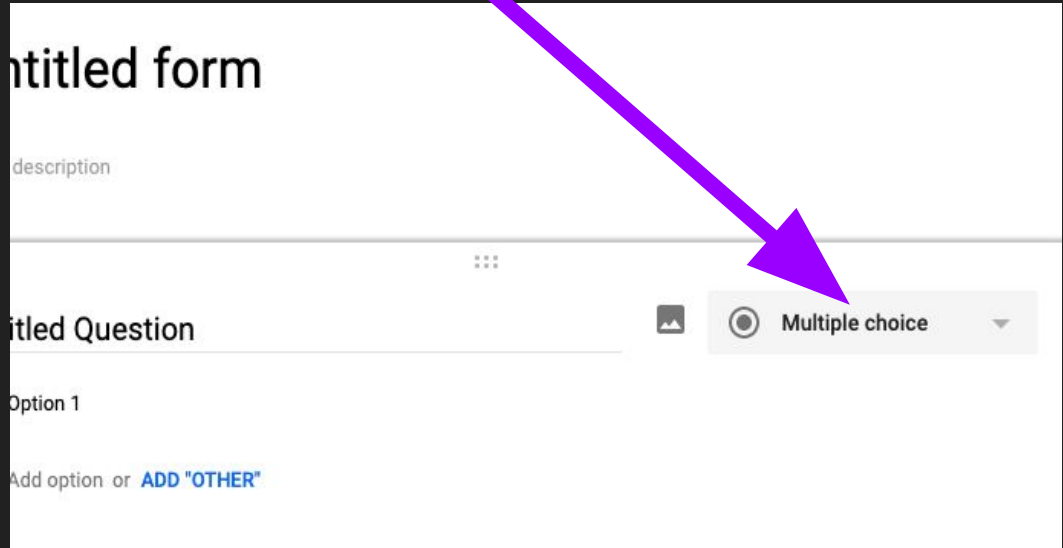

This is the basic form that opens when clicking to start a new form.

The screenshot displays a form creation interface with a purple header. In the top right corner, there are icons for a palette, an eye, and a gear, followed by a white 'SEND' button. Below the header, there are two tabs: 'QUESTIONS' (active) and 'RESPONSES'. The main content area is titled 'Untitled form' and includes a 'Form description' field. A question titled 'Untitled Question' is shown with a 'Multiple choice' type. It has two options: 'Option 1' and 'Add option or ADD "OTHER"'. A vertical toolbar on the right side of the question editor contains several icons: a plus sign, a document, a text editor, an image, a video, and a list icon. A blue arrow points to the plus sign icon.

From this page, you can add new question by clicking on the plus sign.

Try to add different types of questions.

- Short text
- Paragraph text
- Multiple choice
- Checkboxes
- Time
- Date
- Dropdown

A screenshot of a form editor interface. At the top, it says "Untitled form" and "description". Below that is a horizontal separator line with a three-dot menu icon. Underneath, there's a question titled "Untitled Question" with a question mark icon. To the right of the question title is a dropdown menu showing "Multiple choice" with a radio button icon and a downward arrow. Below the question, there's a text input field containing "Option 1". At the bottom, there's a prompt "Add option or [ADD "OTHER"](#)". A large red arrow points from the top text towards the "Multiple choice" dropdown menu.
