Discover the Growing World of Toddlers

Toddlers are inquisitive by nature. Striving for independence and insatiably curious, these newly mobile explorers are natural learners, eager for new skills, and on the cusp of major steps forward in their language, physical, social, and cognitive development.

At **Bright Horizons**®, we recognize the importance of these early years and our *Growing World of Toddlers* program is designed to support those big steps. With warm, nurturing teachers by their side, and our own *The World at Their Fingertips*® curriculum as a guide, we offer your child the opportunity to reach his greatest potential in all areas.

Toddler Program Highlights

- Special attention to the changing needs of children ages 16 months to 3 years
- Encouraged individual growth and independent choices
- Opportunities to learn to work and play with other toddlers and be part of a group
- Learning centers that include language and reading, construction, math, fine motor, art, dramatic play, science and sensory exploration, and outdoor learning
- Activities to develop large motor skills such as climbing and throwing
- Relaxed environment to accommodate the unique disposition of toddlers while fostering self-confidence and self-help skills
- Stringent safety, security, and cleanliness standards that meet or exceed all state and local guidelines, as well as those created by the National Association for the Education of Young Children

Advantages for Families

- Variety of full- and part-time programs available
- Open-door policy welcomes parent visits and classroom participation
- Daily information sheets updating you on your child's day
