Education

ArtCenter College of Design
BFA Illustration \ Entertainment Arts 2018-2023

Course Experience

Neo-Versaille / Entertainment Design

SPRING 2023

Worked in the concept design team for Neo-Versaille, a horror and first person adventure game. Help develop the characters, environments and props.

Visual Development / Noah Klocek

FALL 2022

Designed characters and key shots for an existing story. Researched and created unique illustrations from the character and environments with a focus on color composition.

Composition and Film / Bill Perkins

FALL 2022

Studied different scene compositions in film and learned from the studies to create my own personal film sequence.

Color Theory / Richard Keyes

FALL 2020

Designed key shots for a fable story and took color influence from other media. Created my own version of the story with the characters and custom environments.
