

DESTINATION CHRISTMAS

Battersea Power Station

It was the season of Christmas, and all through the land,
OCS colleagues are lending a hand.
From cleaning and fixing, preparing with care,
Delivering magic for all who are there.

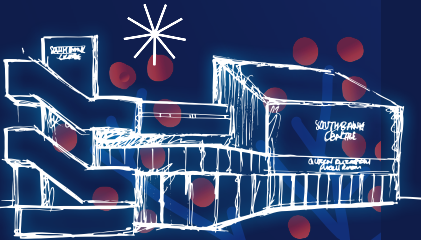

At Battersea's chimneys, the lights were aglow,
With teams keeping everything running just so.
From Stamford Bridge roar to Seven Dials' delight,
Our colleagues bring calm through the heart of the night.

Covent Garden

Covent Garden is buzzing with shoppers in cheer,
While Southbank prepares to welcome New Year.
As Somerset sparkles, Old Navy stands tall,
Thanks to OCS teams, they shine for us all.

Through kitchens and hallways, with smiles galore,
Bringing warmth, care, and magic to everyone's door.
Attention to detail in all that they do,
Festive moments created for me and for you.

Southbank Centre

From maintaining the small things to grand festive sights,
They work behind the scenes and all through the night.
Not seeking attention, more often unseen,
They make every Christmas the best that there's been.

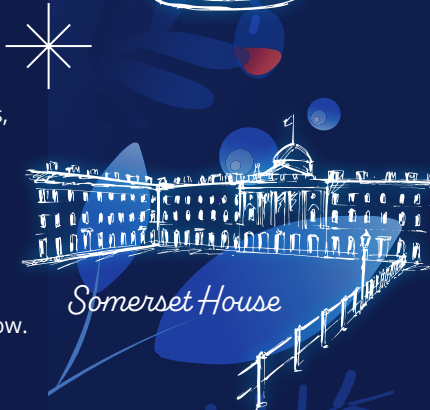

So, here's to our colleagues, TRUE stars of the show,
Whose commitment continues through rain, wind, and snow.
On a mission with pride, that's inspiring to see,
Making people and places - the best they can be.
