

--	--

[illegible]

A diagram illustrating a process flow. On the left, there are two horizontal lines: a red one on top and a pink one below it. A vertical line connects the right end of the pink line to the left side of a grey rectangular box on the right.

[illegible]

A diagram showing a horizontal bar chart. On the left, there is a red bar. To its right, there is a grey bar. A vertical line separates the two bars. The red bar is longer than the grey bar.

The diagram consists of a red horizontal line at the top and a pink horizontal line below it on the left side. A vertical line connects the right end of the pink line to the left side of a grey rectangle. The grey rectangle is positioned to the right of the vertical line.
