

1950 Mercury Monterey

This 1950 Mercury Monterey was previously customized and does show signs of and older renovation.

Exterior

The car was in good condition for its age. I found only minor issues to be expected with age of vehicle. Minor chipping to paint on front right fender. Some of the seals are showing their age and are dry rotted and cracking, there is some dry rotting to the window channel seal. All exterior lighting works. The tires are in good condition with a faux whitewall attachment to sidewall. The two on the rear are dry rotting a bit. The chrome on the hubcaps look in good condition. Looking underneath, The underside has been undercoated. The rear bumper looks to have been molded with a body filler at one time and is now beginning to shows signs of cracking. See photos. Did not find any fluid leaks under the engine. The chrome has areas of fading and scratches.

Interior

The upholstery in this car has been recently redone. There is a little bit of wear showing on the

driver's seat back cushion. The seats could use a cleaning, but are mostly in good shape with minor flaws. It has a custom center console that looks in good condition and matches the seats. The dash lights don't appear to work and there is a knob missing. I saw most of the gauges are functional and the newer style radio works. It has an aftermarket steering wheel that looks good. I wasn't able to see the speedometer work for lack of a test drive. The floor panels look to be in good condition.

Mechanical

I found no leaks to the underside. Car started up immediately without any hesitation. I noted full engine bay fluids.

Test Drive:

Owner declined a test drive. Due to this, I spent more time going over the vehicle. I found the engine to start and run well. A visual inspection of the steering and suspension showed no obvious issues.

Please see below for pictures and more info.

Vehicle Info	
Year - 1950	
Make - Mercury	
Model - Monterey	
Mileage - 159000	
Transmission - Automatic	
VIN Number - 50SL677965M
