

CHILD DEVELOPMENT CENTER
MANAGED BY BRIGHT HORIZONS

From the Regional Manager

Excursions provide opportunities for families to journey to new destinations. Our journeys often include extensive planning, including making reservations and packing for our trips. Preparing for a center opening is, in many ways, its own journey.

As the Regional Manager for the University of Maryland Child Development Center, I am working closely with project teams from both Bright Horizons and University of Maryland to develop and fine-tune the center's operating policies and business strategy that will enable the University of Maryland Child Development Center to achieve its goals and maintain excellence. We are especially focused on ensuring the health and safety of each child and staff member in the building and will continue to provide you with resources to ensure you are aware of these practices

We have already accomplished a great deal and look forward to continuing our planning in the upcoming months. We are excited to share progress updates with you throughout our journey. Stay tuned!

Sincerely,

Stacy Ginsberg
Regional Manager

Making Progress!

The University of Maryland Child Development Center is progressing nicely. Some recent changes that have occurred:

- Parking lot has been paved and painted.
- The elevator has been installed and is awaiting inspection.
- Phone lines have been installed.
- Cabinets, cubbies and diaper changing tables are installed.
- Electricity is working and all the classrooms have working light switches.

Look for more updates soon!
