ARENA NÜRBURGRING 06/07/08 JANUARY 2023

Shiai round robin

**international
Champions seminar**

training & sparring

Christian Grüner
chairman Sen5 Karate Club

Initial greetings

Welcome to the 11th edition of the international Sen5 Rhein Shiai 2023 at the famous **Nürburgring**. With the round-robin fight-modus our tournament provides great conditions for all athletes, coaches and guests.

Karate-enthusiasts from all around Germany and surrounding countries will be here. Our slogan is „**Train and fight together- improve together**“

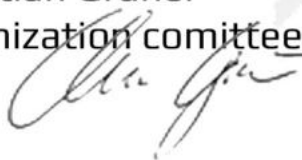

Again we will have perfect a place to accomodate all athletes, coaches, referees and all familiy members. Like in an Olympic Village the „Holiday Park Drees“ will be a central and cheap opprtunity to stay during the three days of the event. (take a look at page 8 of the bulletin)

We would be really glad to welcome you here at the famous Nürburgring to take part in and enjoy an unique karate-event with us.

Yours sincerely.

Christian Grüner

Bitburger Event Center- A great new home of Sen5 Rhein Shiai:

The Nürburgring is a great location of an event like the Rhein Shiai.

The Bitburger Event center provides fantastic conditions for a karate-tournament with more than 2.000 square-meters area. The training will also take place there.

There'll be four tatamis and a spacious warming up area in order to offer all Karateka enough place to focus on their performances and provide perfect hygiene and security conditions.

Next to the arena is the big „ring boulevard“. Here you'll find catering offers and shops. Also the training will take place here close to the tournament.

The „ringwall“, a 45-metres wide and eight metres high LED-wall, will display important informations about the tournament.

Close to the arena there're plenty of interesting places to see. The Formula 1 race-track, a Go-Kart-track, a cinema and lots of restaurants. Besides the Lindner Hotel****, there's a ***-Hotel and the Ferienpark Drees with budget holiday-houses and a nice wellness area.

Sen5 Rhein Shiai- For a great tournament experience

Contrary to many other tournaments the competitors in the Sen5 Rhein Shiai will fight with the round-robin system.

So all participants will be put into groups by draw and fight in those groups against all other fighters. The best of each group will qualify to the next round. So every participant will have plenty of fights and lots of opportunities to get more fighting experience.

All first, second and all two third places will be awarded.

Please note: The preliminary rounds will be round robin. The following elimination rounds will be done by Ko.-System (no repechage). All detailed informations about the system will be provided after registration deadline.

Rules

Rules of WKF (World Karate Federation) and DKV (German Karate Federations) will be applied. There will be the system with one referee and four judges.
