MEET OUR DIRECTOR

Laura Marsh

Laura joined Bright Horizons in 2014. She attended Texas A&M University, where I majored in American Studies. I have been working in Early Childhood Education since I was in high school and have been working in all programming from the classroom to administration. I want to be the tour guide for families on their joyful, yet sometimes challenging, adventure of the early years.

Our staff is made up of experienced educators who are trained in health, safety, and security procedures, and comply with enhanced health and safety guidelines.

ENHANCED HEALTH & SAFETY

Our enhanced COVID-19 protocols ensure that our health and safety practices are informed by guidance from the CDC and state and local municipalities, and have the well-being of children, families, and staff at their core. These include:

- Reduced class sizes
- Consistent groupings in separate classrooms
- Daily health screen and temperature checks
- Social distancing as much as possible
- Face masks/coverings for all center staff
- Frequent cleaning and disinfecting

[Click here to learn more.](#)

- Developed by early education experts
- Research-based and meets children where they are developmentally
- A focus on 21st century skills for the changing and evolving world
- Reinforces concepts of math, science, language, social awareness, environment, art, and health
- Exciting learning experiences that support individual growth and development

INFANT AND TODDLER CLASSROOM

- Warm, safe, welcome environment
- Sensory-rich spaces and soft places to explore, roll over, pull up, and crawl

- Classrooms designed for toddlers
- Special age-appropriate play areas and learning centers

PRESCHOOL CLASSROOM

- Independent, teacher-directed, and small-group activities that engage each child and adapt to each group
- Ways in which children can freely express their creative abilities.

- Introduction to early math and pre-writing skills.
- An environment where children are encouraged to be curious with open-ended questions and critical thinking skills.

SCHOOL-AGE CLASSROOM

- Small group exploration for children to feel connected to nature and the world around them.
- Introduction to all aspects of STEM.

- Introducing children to early writing and reading through letter recognition and sight words.
- One-on-one guidance to ensure school readiness.

PLAYGROUND

- Shaded areas
- Limited to one group at a time
- Each play area is disinfected between groups.
- Age appropriate structure
- A natural environment
- Outdoor STEM lab
- Gardening beds

“There’s not a minute I worry. I never say ‘I hope she’s ok,’ because I know she’s ok. She’s happy when I drop her off, and happy when I pick her up.”

— Bright Horizons Parent
