16	In Indiana, it is my understanding that Physician Assistants have a more restricted range of services when compared to NPs. Given the training of PAs, which generally exceeds that of NPs, this makes no sense. In rural markets, APPs are critical. Indiana needs to more on par with other states or we will continue to lose PAs to go practice in other states where their skills are more recognized and valued.	10/19/2016 10:31 AM

#	Responses	Date
1	Continue to promote revenue cycle management solutions	11/9/2016 5:56 PM
2	Funding for small opioid related research projects. Even small grants can help research projects that will lead to bigger NIH projects.	11/9/2016 9:40 AM
3	n/a	11/8/2016 3:12 PM
4	Doing a wonderful job!	11/8/2016 3:04 PM
5	Continue doing what you are doing, great staff relationships!	10/27/2016 5:37 PM
6	Networking the staff direct care rural health worker to the leadership. I am not one of the "o-suite" and in my experience those who are verbal or controversial from the staff/direct care level are not openly welcomed to network.	10/19/2016 9:40 PM
7	Be more intentional in either developing and/or employing initiatives to reach the Hispanic population that is growing in rural Indiana.	10/19/2016 3:21 PM
8	Promote the vendors that have solutions that meet your members needs.	10/19/2016 11:17 AM
9	don't know	10/19/2016 11:05 AM
10	More awareness of newsletter and events, more online events, and more tools on how to do rural health research or rural health coalition building	10/19/2016 10:41 AM
11	In rural markets, opioid addictions are costing us millions in crime, incarceration, laborers that can't pass a Drug Screen Test, Hep C treatment, HIV treatment and babies born to addicted Mothers. Only hospitals, treatment canters and health systems are equipped to address this crisis. We must stop ignoring it.	10/19/2016 10:31 AM
12	Have worthwhile speakers and be a little less political at educational events. Involve more clinic and hospital staff at events and not just focus on vendors.	10/11/2016 9:53 AM
13	Doing a pretty good job now. Working with other associations on education projects seems to have worked well and I would encourage more of that.	10/11/2016 9:21 AM
14	You are doing very well.	10/10/2016 2:24 PM
15	Help increase awareness and access to diagnosis and treatment for the many coal miners living in Indiana with Black Lung Disease and other lung disease, such as COPD.	10/10/2016 12:17 PM

6	First year, not sure what to expect. decent traffic.	10/19/2016 10:24 AM
7	We always enjoy exhibiting but as a non-profit, the cost keeps us from exhibiting at very many events. The cost of the exhibiting at the annual conference is difficult for us.	10/10/2016 12:19 PM
8	Could be shorter and more focused time. One day only	10/10/2016 11:34 AM
9	because it is NOT expensive, it is wide open friendly, and you get to meet and greet ALL of the folks who pass through!!! The only reason I have not this past conference is I wanted to be able to mingle and talk as a member of the Board	10/9/2016 8:58 AM

Q15 Do you have any suggestions, ideas or comments IRHA could do for vendors exhibiting at an IRHA event?

Answered: 5 Skipped: 105

#	Responses	Date
1	Perhaps have the vendors stay till the end of the conference rather than leaving by 10-12 in the morning of the last day.	10/20/2016 10:14 AM
2	Invite additional contacts and exhibitors	10/19/2016 9:41 PM
3	Remind vendors that they can vote during board elections.	10/12/2016 10:43 AM
4	Reach the INNOCOR folks who have the "SIDNE" injury prevention materials.. the state is BUSTING at the timing on trauma systems development, and eventually WILL get the idea that PREVENTION beats TREATMENT every every every time!!! Keep working on getting "The Sullivan Group" both as speaker/presenters AND as a booth... offer Dr. Dan Sullivan, Nora, and Shelly Cohen spots as guests, and I am willing to BET it will pay off!!!	10/9/2016 8:58 AM
5	I think having universities that offer master's degrees or post graduate certificate programs in the health field would be a great way to spark some interest in furthering the attendees education.	10/7/2016 12:08 PM
