September at a Glance

Hello Green Room Families,

As summer is now officially over, we have a jam packed month filled with activities to get the kiddos excited about the new start of the school year!

During the first week of September, we will be learning about what makes our school so special and unique! The kiddos will explore their classroom, playground, meet new friends and more.

During the second week, we will be discussing Apples and Pumpkins. This week will be filled with lots of adventurous activities from making apple pie snacks to examining baked salt dough. We will end the week by learning about the life cycle of a plant!

The third week will be all about Fall! We will explore all the nature the world has to offer from trees to acorns and pinecones. We will also learn more about how trees change in different seasons.

Make sure your kiddos are ready for some tasty snacks! We will finish out the month discussing our 5 senses. The kiddos will explore activities that allow them to use their sense of taste, sight, smell, sound, and touch.

Thanks,
Ms. Na and Ms. Algrae
