GHALLENGE & **BACKGROUND**

THE STATE OF AFFAIRS

Children's Cancer is facing a crisis: each year 15,000 kids in the US are diagnosed with cancer, but treatment options are out of date, and the approval process for new treatments is painfully slow. In the past 20 years, only 4 new treatments have been developed, and 2 out of 3 survivors develop chronic health complications due to adverse affects from inadequate treatments.

THE CURESEARCH FOR CHILDREN'S CANCER SOLUTION

CureSearch is delivering solutions. They raise money to fund targeted and innovative research for children's cancer treatments with measurable results in an accelerated timeline.

OUR GOAL

To raise awareness and generate an additional \$2 million for CureSearch by December 2021.

LIVE MUSIC IS THE BEST WAY TO APPEAL TO **CORPORATE PARTNERS**

LIVE MUSIC IS A PASSION POINT

70% Of corporate decision makers enjoy seeing their favorite artists live, and are 15% more likely than average to say so.

CHILDREN'S CAUSES ARE A PRIORITY

Children/young people is the #1 cause that corporate decision makers personally donate to. Their compassion for young people make them the perfect target to help join CureSearch in the fight against children's cancer.

TAP INTO THE LIVE NATION NETWORK

Brands are currently part of the Live Nation network, and those with established corporate giving programs, such as Citi, Verizon, and Salesforce are now accessible to CureSearch.

CONVERTING PASSION FOR MUSIC INTO DONATIONS

Live Nation is in a unique position to leverage assets including artist relationships, venues, and one of the world's largest ticketing platforms to create a program worthy of the CureSearch cause

Convert Consumer/Employee Awareness to Corporate Participation

Excited employees will encourage corporate decision makers to purchase tickets to this exclusive small venue, big artist concert series. Live for Live is the once in a lifetime opportunity to see legendary artists perform in front of a small group of guests. Ticket prices will be accompanied by on-site donations to help CureSearch reach its fundraising goals.

TICKETMASTER **TAKEOVER**

Create Consumer/Employee Awareness and Education

CureSearch will takeover Ticketmaster for the month of September for National Childhood Cancer Awareness Month with digital branding a short 'About Us' section at checkout. This initiative will educate music fans; engaging Ticketmaster customers to add \$1 to their purchase as a donation to CureSearch.

OUR APPROACH

LIVE FOR LIVE CONCERT SERIES

CORPORATE **INCENTIVES**

Retain Corporate Participation and turn it into Corporate Partners

To extend the partnership beyond the Live for Live series, Live Nation will offer corporate partners live music perks such as VIP upgrades, and viewing deck access at top live music events of the year as they reach fundraising milestones.
