

JEANNETTE CATHY CHILDCARE CENTER PIKMYKID CARPOOL INSTRUCTIONS

Please read the traffic navigation instructions for your first day on campus. It will be very busy and maybe even a tad chaotic. Please allow additional time as we all come together again. **Masks remain a requirement to be served.**

Please adhere to the new traffic patterns during carpool hours. The signs posted throughout our campus will support your successful navigation of both carpool lines.

Here are the changes during Pikmykid drop off and pick up. **All other times, adhere to the permanent markings** of installed signs and arrows. Pikmykid Carpool mobile signage will have blue writing and green arrows and be present during carpool hours.

All traffic coming on campus must have their gate tag for access. Please remember to get your daily green slip from the guard. Health Screenings via the My Bright Day application and temperature checks at the coke property are still in place until further notice.

All traffic moves one way. Please refrain from traveling between parking spaces, cutting between cars and utilizing your phone while traveling on campus. Thank you for keeping our children, families and staff safe.

As children arrive please place them in their car seats. Children should not be outside of vehicle while waiting for additional children. If you need assistance please let the carpool escort know.

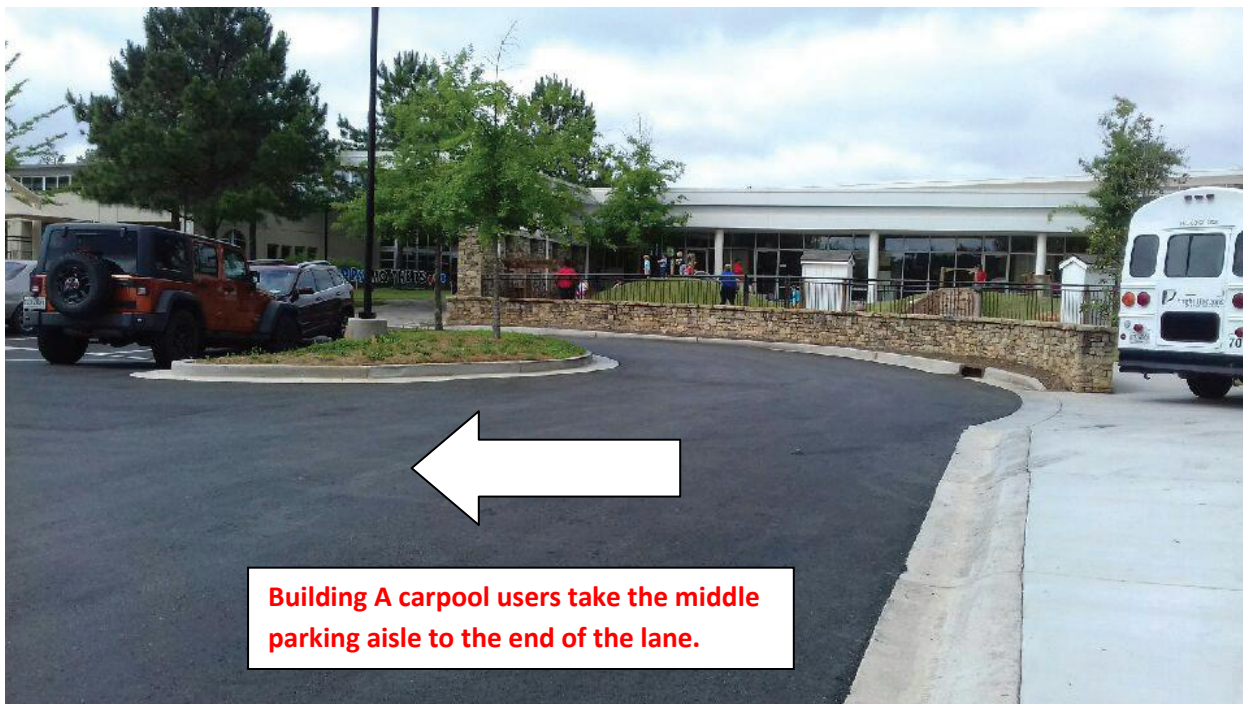

Pikmykid carpool users Buildings B and C:

Drop off at Buildings B (The Sierras) & C (The Woodlands) – Please continue moving straight and take the last left, passing the natural playground and moving up to the carpool shade.

Pikmykid carpool users Building A:

Drop off at Building A (The Treehouse) – Please continue moving straight and take the second left (middle aisle), passing the first entrance into the new building, and moving down the middle parking lot aisle. Go to the end and make a left and then another left to access the front of Building A.

At the end of the parking aisle, please watch for merging traffic as you turn left and then left again to arrive in Building A's carpool line.

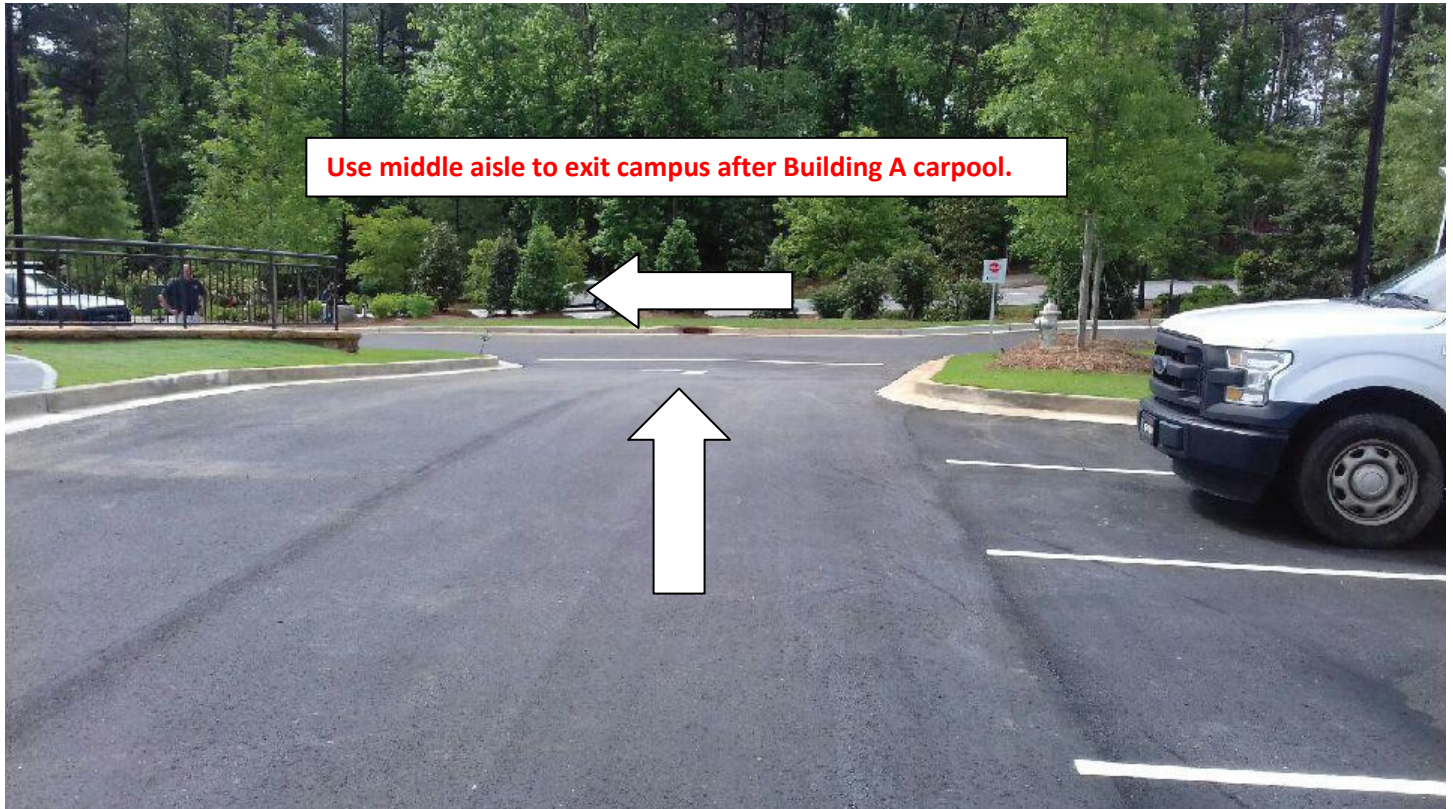

Final traffic movement to access Building A's carpool line.

Upon leaving Building A's carpool line travel straight and merge left into the entry lane of the campus.

Take your immediate left down the middle aisle and depart the campus by making a final left to the exit lane of the campus

CONGRATULATIONS, YOU JUST PARTICIPATED IN YOUR FIRST PIKMYKID CARPOOL!

For families with children in buildings on our upper and lower campus (Buildings B & C and Building A) **please drop off or pick up at Buildings B & C first** before moving forward, turning left and then following the arrows from the Building A carpool access picture to the front of Building A. Then follow the departure picture to exit the campus.

These traffic patterns will be in effect during the following times:

Morning Drop Off – 7:30 am to 9:00 am

Afternoon Pick Up – 3:30 pm to 5:45 pm

If you arrive outside of these time-frames please call the center 404-761-2323 and our Health Screener will arrive to assist you. Please remain in your vehicle until the Health Screener arrives.

Questions?

Please reach out to Marcia Riggins, Sr. Office Manager, Building A at Marcia.riggins@brighthorizons.com or center director Gemorial Johnson at gemorial.johnson@brighthorizons.com.

Thank you,

Your JCCC Leadership Team
