### Computer Sales

*Micro Center*

- Executed sales in a fast-paced environment with great customer service skills and time management
- Specialized in helping individuals and small businesses looking for computers, home entertainment devices, and other electronics.

## Coursework

### Illustration for License

- Worked on a series of deliverables for the surf and skate industry that included a skateboard deck, textile design and t-shirt design.
- Collaborated with Igloo Coolers on a signature cooler with a tight deadline and to professional industry standards.

### New Eye Berlin - Study Away

- Worked as part of a group exhibition that would be showcased in Berlin whose work was based around historical German children's book.
- All works were created using traditional letterpress machines and metal-set type. Other works included prints created using traditional printmaking methods of intaglio, cyanotype and silkscreen printing.
