

BRIGHT HORIZONS KINDERGARTEN:

Learning and Discovery Made for Right Now

Kindergarten is such an important year. You want a place that supports your child's skills and confidence for the future. But today, you also need a place that has the health and safety practices you can feel good about right now.

Bright Horizons® kindergarten gives you both; individualized curriculum to make sure your child is ready for first grade, in an environment with enhanced safety protocols — created in consult with a pediatric infectious disease expert — made for today.

A Safe Place to Inspire Learning

Our program includes:

- ▶ Full-day programs that solve the uncertainties in your family's schedule
- ▶ Reduced class sizes, physical distancing, and other safety practices in line with CDC guidelines
- ▶ Research-based curriculum with age-specific activities
- ▶ Low teacher-to-child ratios and a constant focus on children's unique needs
- ▶ Self-directed investigations, small group work, and teacher-directed assignments and activities
- ▶ Handwriting, math, and reading enrichment programs
- ▶ Curriculum that teaches lifelong habits, including citizenship and social responsibility

Engaging Experiences That Inspire a Love of Learning

Our *World at Their Fingertips®* curriculum focuses on what your child needs for success in school and in life:

- ▶ **Important Connections:** Welcoming environments that encourage meaningful, engaging, and respectful interactions, even amid physical distancing requirements
- ▶ **Learning Process:** An emergent curriculum that incorporates each child's interests and inspires children to be co-creators of their own learning
- ▶ **Social Skills:** A focus on problem-solving, decision-making, creativity, negotiation, emotional intelligence, and collaboration
- ▶ **Open-Ended STEM Activities:** Technology and materials for creating, engineering, tinkering, inventing, and innovating; and spaces for discovery and experimentation
- ▶ **Routines:** Child-directed choice and school-age rituals to offer stability and boost independence
- ▶ **Guiding Principles:** Experiences that motivate children to be leaders, appreciate the world and those who live in it, and connect with and give back to the larger community

**Register now
for 2022-2023.
Space is limited.**
