

## Section 1: Identification of the substance/mixture and of the company/undertaking

### 1.1. Product identifier

**Product name:** ROSE ROOFING Bituminous Roofing Membranes

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

**Use of substance / mixture:** The products are designed for use as bituminous waterproofing membranes within a built up roofing system.

### 1.3. Details of the supplier of the safety data sheet

**Company name:** Rose Roofing Ltd

1 Flass Lane

Cutsyke

Castleford

West Yorkshire

WF10 5JW

**Tel:** 01977 516044

### 1.4. Emergency telephone number

Tel: +44 (0)1977 516044 Opening Times: 0800 - 1700 Monday to Friday

## Section 2: Hazards identification

### 2.1. Classification of the substance or mixture

**Classification under CLP:** This product is not classified under the Classification, Labeling , Packaging Regulations EU reg 453/2010 or Reach EC Regulation 1907/2006 (REACH) & 1272/2008

### 2.2. Label elements

**Label elements under CLP:**

**Hazard statements:** This product is not classified as hazardous, so does not need to comply with the labelling requirements

**Signal words:** N/A

**Hazard pictograms:** N/A

**Precautionary statements:** N/A

**Precautionary phrases:** N/A

### 2.3. Other hazards

**PBT:** This product is not identified as a PBT/vPvB substance.

## Section 3: Composition/information on ingredients

### Mixtures.

The products are not mixtures under the CLP Regulation (EC) No 1272/2008, 453/2010 but are considered to be articles. The products in the range consist of a reinforcing base material coated or saturated and coated with bitumen and a surface finish. The base materials include polyester, glass reinforced polyester, glass fibres and recycled rag fibres in sheet form, some used in conjunction with aluminium foil. The bitumen coating may contain mineral filler and/or synthetic polymers. The surface finish may be sand, talc, mineral granules or polymeric film.

The product is not hazardous to health in normal use. The only hazards associated with the product are during the subsequent laying of the roofing membrane.

## Section 4: First aid measures

### 4.1. Description of first aid measures

- Skin:** For contact with cold material, e.g. small particles, wash thoroughly with water and obtain medical attention if signs of discomfort persist.  
In case of contact with hot material, flood eye with copious quantities of cold water for 10-15 minutes. Do not try to remove material adhering to the eye. Cover the burn area loosely with a sterile dressing, if available. Seek immediate medical attention.
- Eyes:** For contact with hot material, cool the affected area under cold running water for at least 10 minutes. Do not attempt to remove anything from the burn area or apply burn creams or ointments. Material adhering to skin will form a sterile barrier which will fall off after a few days. Cover the burn area loosely with a sterile dressing, if available.
- Inhalation:** Seek immediate medical attention.  
In case of inhalation of fumes, remove from exposure. If breathing becomes difficult seek medical assistance.  
If swallowed, rinse mouth with water.

### 4.2. Most important symptoms and effects, both acute and delayed

**IN ALL CASES IF SYMPTOMS ARE SEVERE, PERSIST OR CAUSE CONCERN, OBTAIN IMMEDIATE MEDICAL ADVICE.**

First aid procedures apply when products are subjected to high temperatures, eg during the laying of the roofing membrane, or in a fire.

### 4.3. Indication of any immediate medical attention and special treatment needed

**Immediate / special treatment:** None Specified

## Section 5: Fire-fighting measures

### 5.1. Extinguishing media

Use any media suitable for the surrounding fires. Water, spray, fog, carbon dioxide (CO<sub>2</sub>), dry chemical, foam.

### 5.2. Special hazards arising from the substance or mixture

**Exposure hazards:** None Specified

### 5.3. Advice for fire-fighters

**Advice for fire-fighters:** In confined areas fire-fighters should wear self-contained breathing apparatus. Extinguish fire with foam, dry powder, water fog, sand or earth

## Section 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

**Personal precautions:** None Specified

### 6.2. Environmental precautions

**Environmental precautions:** None Specified

### 6.3. Methods and material for containment and cleaning up

**Clean-up procedures:** Clean-up should be dealt with only by qualified personnel familiar with the specific substance.

### 6.4. Reference to other sections

**Reference to other sections:** Refer to section 8 of SDS.

## Section 7: Handling and storage

### 7.1. Precautions for safe handling

**Handling requirements:** Be aware when in heated / liquid state

### 7.2. Conditions for safe storage, including any incompatibilities

**Storage conditions:** Store under cover away from sources of heat and ignition.

**Suitable packaging:** Must only be kept in original packaging.

### 7.3. Specific end use(s)

**Specific end use(s):** No data available.

## Section 8: Exposure controls/personal protection

### 8.1. Control parameters

Non specified

If process generated dusts or fumes are likely, follow workplace regulatory exposure limits for relevant hazards (e.g. total dust, respirable dust, silica, talc, asphalt fumes). See Annex 1 for further information.

### 8.2 Exposure controls

**Engineering Controls:** No special protective measures are necessary for use of this product in that it is an article, and under normal conditions of use is not expected to release, or otherwise result in exposure to a hazardous chemical. If cutting, grinding, drilling, etc. ensure that there is adequate ventilation to keep dust levels within required limits.

#### Personal Protective Equipment:

**Eyes/Face:** Where there is a risk of damage to the eyes/face from splashing of hot product or impact, wear eye/face protection to EN166.

**Skin:** The use of heavy duty gloves to protect against skin abrasion and burns through contact with hot bitumen or flame of gas torch during installation is recommended.

**Respiratory:** Not required under normal conditions of use. If dust or fumes are generated, wear appropriate respiratory protection.

**Environmental Exposure Controls:** Not usually required.

### DNEL/PNEC Values

**DNEL / PNEC** No data available.

## Section 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

#### 9.1 Information on basic physical and chemical properties

**Appearance:** Grey – black toned solid material. A variety of coloured slate finishes are available on top layer felts.

**Odour:** None

**Odour threshold:** Not Applicable

**pH:** Not Applicable

**Boiling Point:** Not Applicable

**Melting Point:** Not applicable

**Flash Point:** Not Applicable

**Evaporation rate:** Not Applicable

**Flammability(gas, solids):** Standard bitumen based roofing membranes are combustible.

**Upper/lower flammability limits:** Not Applicable

Rose Roofing Bituminous Roofing Membranes

Vapour Pressure:	Not Applicable
Vapour Density:	Not Applicable
Specific Gravity:	Not applicable
Solubility (H2O):	Not soluble
Solubility in other solvents:	Not Applicable
Auto Ignition Temp.:	No data
Decomposition temperature:	No data
Viscosity:	Not Applicable
Explosive properties:	Not classified as explosive
Oxidising properties:	Not classified as oxidising

## 9.2. Other information

Other information: No data available.

## Section 10: Stability and reactivity

### 10.1. Reactivity

Reactivity: Stable under recommended transport or storage conditions.

### 10.2. Chemical stability

Chemical stability: Stable under normal conditions.

### 10.3. Possibility of hazardous reactions

Hazardous reactions: Hazardous reactions will not occur under normal transport or storage conditions.

### 10.4. Conditions to avoid

Conditions to avoid: None specified

### 10.5. Incompatible materials

Materials to avoid: none specified

### 10.6. Hazardous decomposition products

Haz. decomp. products: none specified

## Section 11: Toxicological information

### 11.1. Information on toxicological effects

Toxicity values: none specified

## Symptoms / routes of exposure

Other information: Not applicable.

## Section 12: Ecological information

### 12.1. Toxicity

Ecotoxicity values: Not Applicable

### 12.2. Persistence and degradability

Persistence and degradability: Biodegradable information not available

### 12.3. Bioaccumulative potential

Bioaccumulative potential: No data available.

### 12.4. Mobility in soil

Mobility: Not Applicable

### 12.5. Results of PBT and vPvB assessment

PBT identification: This product is not identified as a PBT/vPvB substance.

### 12.6. Other adverse effects

Other adverse effects: No data available.

## Section 13: Disposal considerations

### 13.1. Waste treatment methods

**Disposal operations:** Arrange for disposal by a licenced waste disposal company

**Waste code number:** Check with registered waste disposal company

**Disposal of packaging:** Recycle paper wrapper

**NB:** The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.

## Section 14: Transport information

### 14.1. UN number

**UN number:** This product is not classified under the Transport Regulations

### 14.2. UN proper shipping name

**Shipping name:** Not Applicable

### 14.3. Transport hazard class(es)

Not Applicable

### 14.4. Packing group

### 14.5. Environmental hazards

**Environmentally hazardous:** No

**Marine pollutant:** No

### 14.6. Special precautions for user

**Special precautions:** No special precautions.

**Tunnel code:** Not Applicable

**Transport category:** Not applicable

## Section 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

**Specific regulations:** This product is not classified under CLP or REACH

### 15.2. Chemical Safety Assessment

**Chemical safety assessment:** A chemical safety assessment has not been carried out

## Section 16: Other information

### Other information

**Other information:** This safety data sheet is prepared in accordance with Commission Regulation (EU) No 453/2010.

\* indicates text in the SDS which has changed since the last revision.

**Legal disclaimer:** The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. This company shall not be held liable for any damage resulting from handling or from contact with the above product.
