## Synopsis

A BANQUET is the much anticipated feature debut from Ruth Paxton. A visually arresting slowburning psychological horror that uses subtle supernatural elements to create tension within a family possessed by a daughter's illness when she stops eating, exploiting the strains and the love between three generations of mothers and daughters.

Widowed mother Holly (Guillory) is radically tested when her teenage daughter Betsey (Alexander) experiences a profound enlightenment and insists that her body is no longer her own, but in service to a higher power. Bound to her newfound faith, Betsey refuses to eat, but loses no weight. In an agonising dilemma, torn between love and fear, Holly is forced to confront the boundaries of her own beliefs.

# Benediction

## Synopsis

The turbulent life of first world war poet, Siegfried Sassoon, through the eyes of the revered filmmaker Terence Davies.

Sassoon was a complex man who survived the horrors of fighting in the first world war and was decorated for his bravery but who became a vocal critic of the government's continuation of the war when he returned from service. His poetry was inspired by his experiences on the Western Front and he became one of the leading war poets of the era.

Adored by members of the aristocracy as well as stars of London's literary and stage world, he embarked on affairs with several men as he attempted to come to terms with his homosexuality. At the same time, broken by the horror of war, he made his life's journey a quest for salvation, trying to find it within the conformity of marriage and religion. His story is one of a troubled man in a fractured world searching for peace and self acceptance, something which speaks as meaningfully to the modern world as it did then.

## Good Luck to You, Leo Grande

### Synopsis

Nancy Stokes, a retired school teacher and widow, is yearning for some adventure, some human connection, and some sex. Good sex.

Whilst her husband Robert provided a home, a family, something resembling a life, good sex was never on offer. But he's gone now, and Nancy has a plan: she will find adventure with an escort named Leo Grande.

In an anonymous out-of-town hotel room Nancy greets Leo. He looks every bit as good as his picture, but what Nancy wasn't expecting was conversation as well as fornication. Leo has a view on everything, and though he may not always tell the truth, Nancy finds she likes him. And he likes her.

With growing sexual confidence, Nancy starts to relax. Over the course of several rendezvous, the power dynamics shift and their well-worn masks begin to slip.

# I Get Knocked Down

## Synopsis

The story of a burnt-out, middle-aged, ex pop star in search of his long lost anarchist mojo. Dunstan Bruce is 59 and he's struggling with the fact that the world seems to be going to hell in a handcart. He's wondering where did it all go wrong? For him. For humanity.

Twenty years after his fall from grace, the former frontman of the anarchist band Chumbawamba is angry and frustrated. But how does a middle-aged, retired radical, who now feels invisible get back up again?

In this punk version of Dickens' 'A Christmas Carol' Dunstan is visited by the antagonistic ghost of his anarchist past. It is his alter ego, 'Babyhead' who forces him to question his own life, sending him on a search for his long-lost anarchist mojo.

This is not only the previously untold and remarkable story of Chumbawamba but also Dunstan's personal redemptive voyage of reawakening as well as a call to arms to those who think activism is best undertaken by someone else.

An extraordinary, inspiring film for our times.

## In the Court of the Crimson King

### Synopsis

King Crimson is a band that people literally are dying to be in. IN THE COURT OF THE CRIMSON KING recruits us into the world's most demanding rock band and introduces us to a world full of acute suffering, only alleviated by the applause of an audience so in love with King Crimson that their demands threaten to make the lives of the band members even more miserable. Filmed over several years and featuring exclusive performances shot in Pompeii and the UK, the film follows a dysfunctional family of ageing artists determined to make meaningful work in the deepening shadow of their own mortality. The group's leader Robert Fripp, famous for his unique guitar work with David Bowie and Brian Eno, and aptly described as "a cross between Mahatma Gandhi, Joseph Stalin and the Marquis de Sade", has overseen an environment for over 50 years in which freedom and responsibility conspire to place extraordinary creative demands on the band's members, and ultimately the film's maker Toby Amies. Not everyone survives the experience intact. IN THE COURT OF THE CRIMSON KING also contains excellent music and bad jokes.

# Ballywalter

## Synopsis

Eileen is a caustic, unrepentant University drop-out whose dreams of a successful life in London have fallen by the wayside. Back at home with her mum, she makes ends meet by working as an unlicensed driver in her ex-boyfriend's minicab.

Shane has exiled himself in Ballywalter following the break-up of his marriage, but now he's trying to get his life back on track by enrolling in a stand-up comedy course.

When Shane calls a taxi to get him to his classes, Eileen answers and a surprising connection is made. As the two spend time together shuttling back and forth, a beautiful friendship develops, leading both of them to a moment of realisation. Shane reintegrates; Eileen makes peace with herself and who she really is. Finally, she can stop running and just drive.

# Call Me Kate

## Synopsis

Katharine 'Kate' Hepburn was definitive and distinctive, a force of nature, a once-in-a-generation talent, whose progressive and free-spirited nature defined her roles. She was nominated for twelve Academy Awards, winning a record four for Best Actress.

Her life and career were defined by stunning highs and crushing personal lows, but she also remained in control of her own story, and her distinctive defiance and enduring talent make her an icon to generations of women today. As she herself said: "I never realised until lately that women were supposed to be the inferior sex."

Absorb the real Kate: a woman whose formidable persona hides vulnerability, both seeking fame and hoping it answers the questions she struggles with. Radicalized by her parents, boxed in by Hollywood, constrained by gender and society's limited expectations, and unconsciously moulded by the shadows of her past – who is Katharine Hepburn, really?

Experience an intimate revelation, the truth behind the beautiful, chiselled, public face. We celebrate a radical and pioneering woman of profound influence, who doesn't fit into any of the 'boxes' expected of her. Throughout her life, she wears various female identities: daughter, sister, actress, beauty, wife, girlfriend, victim, superstar. It takes great loss and hard won insight to be happy just being Kate.

CALL ME KATE is a movie for the outcasts, the misfits, the girls and boys uncomfortable in their own skin, who don't conform with traditional expectations. It is the universal story of how – like Kate – we must be true to ourselves, not the forces that shape us.
