

## TOUR

In October 2016 the LA Phil makes a West Coast tour of America, performing in Segerstrom Center for the Arts, Costa Mesa, San Francisco's Louise M. Davies Symphony Hall, The Robert and Margrit Mondavi Center for the Performing Arts on the University of California Davis campus in Davis, and Benaroya Hall in Seattle, Washington. This tour will include the first visit for the orchestra to the Robert and Margrit Mondavi Center for the Performing Arts, which opened in 2002. The orchestra was last in Seattle in May 2006, most recently San Francisco in March 2014, and in Costa Mesa December 2015.

In honor of the 10<sup>th</sup> anniversary of Youth Orchestra Los Angeles (YOLA), the advanced YOLA orchestra of 80 students will tour across California in the fall of 2016, culminating in a performance led by Gustavo Dudamel in the Bay Area on October 30. This will be the first time that an ensemble from YOLA has toured. YOLA will visit four different cities presenting a 45 minute-long educational concert that will involve a narrative and video component to illuminate the transformative power of music and the community. Full details will be announced later in the year.
