

## **Saturday 6.5.2017 at 13:00, NH Hotel Schiphol Airport, Amsterdam, The Netherlands**

The following text is the excerpt from the Minutes of the meeting. For detailed information please contact delegate of your National organization.

### **Show Commission (EAHSC) – 6.5.2017**

1. *Blue Book revision*

The main idea of the revision was to simplify the Blue Book and make it thinner. There should be part usable for Show organizers – everything that is needed to organize the show.

2. *Scratching off the best and the worst mark given during the class*

The request to discuss this topic came from Kuwait. The best and the worst mark during the scoring is scratched off and the average is only made from the resting marks. This should avoid the big differences in scores given to the horse.

The SC decided to try this system for 2 seasons, supposing there are minimally 5 Judges on the ground, it must be clearly described in the schedule and the schedule must be approved by ECAHO Office (schedule to be sent to ECAHO Office 3 months prior to the date of the show).

3. *Contract for DC's/RM's*

The last version was approved by the SC and will be distributed.

4. *Doping procedures, list of prohibited substances*

Theoretical option to create list of substances which are allowed (such as some types of medication used for transport) was discussed and refused by the SC. ECAHO will keep the zero tolerance which is also published on the website and in the Blue Book. It is responsibility of each owner to check what medication is accepted.

5. *Guidelines for acceptance of affiliations* was presented by N. Ismer and G. Reisel. The goal is to make the procedure of affiliation as easy as possible, avoid clashes of high-category shows and avoid late affiliation. The rules were approved and will be adapted for the Blue Book 2018.

6.6.2017, Zuzana Slavíková
