## About

My passions range from art to volunteer work. My art explores fine art from an illustrator's point of view, painting with acrylic and other mediums. I am seeking to increase my knowledge in behavioral therapy and communication strategies.

## Education

ArtCenter College of Design  
Projected Graduation- **FA 2021**  
BFA- Illustration  
(minoring in Social Innovation Design)

Burbank High School - **2017**

## Skills (Advanced)

### Teaching

Patience, Creativity, Thinking, Organization,  
**Design:** Illustration, Drawing, Painting  
**Adobe:** InDesign, Photoshop, Illustrator

All Microsoft and Apple programs

## Recognition

Scholarship award upon admission  
**2017-2022**

Art Center Provost List  
**FA 2018, SP 2019**

## Experience

### Teaching Assistant (Community Based Instruction)

**2016 - 2021**

Was recommended to be the teaching assistant for my high schools' special education class. I worked with mainly moderate to severe students who have Down's Syndrome and autism. This experience led me down a path of volunteerwork and philanthropy, learning myself how much I love to spend time with and teach individuals with special needs. My duties were as follows: taking attendance, taking students to bathroom/class/nurse, helping teach lessons, helping students with classwork, grading student work, being field trip leader (2 or more students under my care), reducing behavioral issues (stimming), teaching social skills/community-based instruction/money management/independent living skills.

### Teaching Assistant (Head and Hands **SP 2018, FA 2019, SP 2021**)

Was selected by my Head and Hands teacher to be his teaching assistant. My duties were as follows: teaching basics covered in the class to students during workshop hours, grading student work, giving additional lessons to students (in person and online) and recording data (manually and digitally).
