- Parents have been grateful and impressed with the facility and its internal operations

Curriculum Night, any findings or sharing's?

- Parents in attendance didn't attend due to prior commitments, but heard wonderful things
- We wanted to thrill parents and help them understand how their children can be school ready all the way down to the fine motor skills
- Teachers wanted to allow the parents to get a chance to be students for the night and be immersed in fun activities that their children experience daily!

 - Each program is measured based on the quality provided in the classroom
 - JCCC has been accredited since 2001 (Fun Fact)

Questions?

What do all of the empty classrooms mean?

- We are simply looking for the best candidates to fill the teacher positions. We want to provide ample time for onboarding and teacher shadowing so that these candidates are the right fit.
