Portfolio: <https://qxuea7bd.myportfolio.com/work>

Education

ArtCenter College of Design - Pasadena, CA Spring 2023 (Anticipated Graduation)
BACHELOR OF ARTS/SCIENCE, TRANSPORTATION DESIGN

Experience/Internship

GAC Advanced Design Los Angeles - Costa Mesa, CA

Exterior Design Internship

Oct 3, 2022 - Dec 22, 2022

- Participated in the 2D phase of 2 concept exterior design projects

ArtCenter College of Design - Pasadena, CA

Peer Coaching

Summer 2022

- Provided design skills, 3D Softwares, critiques and projects support to students
-

Design Projects

ArtCenter College of Design - Pasadena, CA

2035 Honda Electric Kei Car (Thesis Project)

- Explored about brand identity and off-roading competitors Spring 2023
- Presented and designed a concept Kei Car with an electric platform for the Japanese market with 2D development and 3D modeling

2035 Ferrari Electric GT (Visual Communication 7)

Summer 2022

- Investigated about brand identity of Ferrari and potential users
- Developed the concept of a 4-door GT and experiment with a variety of sketching style
- Created a final 3D model using Alias SubD
- Edited a final video that well communicated the concept, functions and design

2030 GMC Ravine Camping vehicle (GM Sponsored Project)

Spring 2022

- Analyzed brand history and future brand vision of GM
- Introduced the idea of a future camping vehicle that is suitable for Gen Z
- Developed exterior with strong utilities and interior indication of user experience by using 2D sketches and a final 3D Alias SubD model

2040 NIO Autonomous Rideshare (Transportation Design 5)

Summer 2021

- Researched and solved the problem of traffic situations to the Airport in Guangzhou
- Presented autonomous rideshare design ideas that represented the future vision of NIO
- Developed the idea with 2D works and finalized the design with a integration of interior & exterior focus on user experience by using 3D model

Skills

Language: English (fluent), Mandarin (Native)

Software: Adobe Photoshop, Adobe Illustrator, Autodesk Alias, Autodesk VRED, Keyshot

Design & Presentation: Interpretative design research, Competitive analysis, Brand strategy, User scenarios, Concept exploration, Design development, Package layout, Final renderings (2D/3D)

Interests

Crafting skills, Artworks, 3D Modeling skills, Automotive Engineerings
