The Academy Preschool Venice August 2019

Ms. Karen & Ms. Julie

## Incredible Imagination

To kick August off we will be talking about STEM. Yay! We will be painting on cardboard with tape, comparing weight with objects, and exploring with magnets. We are excited to see what these kiddos can do with these tools and all the things they can create with everyday items.

During the second week, the Orange Room will join the circus, performing all sorts of tricks. The kiddos will help make a Carnival booth, pick out their favorite carnival animals, and make cotton candy cloud dough. They will also get to experi-

ence a carnival hosted by us on August 14th.

In our third week of August, we will be learning how to keep tune and play some music! The children will help count notes, make musical instruments out of everyday items, and learn how to count the beats. We can't wait to hear the beautiful sounds of

orange room!

For our fourth week, we will be learning all about Dinosaurs! The children will make a D is for dino craft, make a class graph of their fa-

vorite dino, and do some dino digging letter writing. It will be DINOTASTIC!
