Details

Lumenier lipo batteries provide you with great performance for your multi-rotor air-frames and planes. This lipo's 35 "C" rating is well suited for multi-rotor applications by balancing performance and weight. This Lumenier lipo maximizes flight time with minimal voltage sag. The all black battery design with the Lumenier brand will look great on any air-frame!

Each battery comes with a black vinyl cap to protect the XT-60 discharge adapter during transport and from the elements. We also use the vinyl cap to indicate a fully charged battery at the field.

Specs

Length: 152 mm
 Width: 48 mm
 Height: 26 mm
 Weight: 362g
 C-Rating: 35c - Burst 70c

Additional Information

SKU	1366
