MISS CINDY

MISS MELISSA

## Back to School!

We are so excited to start our new school year in the Blue Room! We have so many fun activities planned to kick off the new school year!

For the first week of September, we will be learning all about ourselves and our school. We will be measuring how tall we are with yarn and making flowers with the yarn, examining our fingerprints with magnifying glasses, and making a classroom rules poster together!

For the second week, we

will be learning all about our senses. We have many exciting activities planned

including playing with the Touch and Feel Alphabet, playing with paper cup telephones, "baking" apple pies, and making our very own rain sticks!

For the third week, we will be learning about apples and pumpkins. We will be tasting several types of apples, exploring red pom-poms, beans, lentils, and small baskets in the sensory bin, making apple stamp trees and paper plate pumpkin tambourines!

For the last week of September, we will be exploring Fall. We will be sorting fall colored pompoms, doing pinecone paintings, and exploring hay, leaves, acorns, and corn in the sensory bin! We are so excited for a fun-filled year!

## Family Fun Ideas

- Visit an apple orchard for apple picking!
- Cook an apple pie as a family!
- Go on a scavenger hunt looking for Fall items outside!
- Discuss as a family what makes each family member unique!
- Bake pumpkin seeds with different flavors!

### REMINDERS:

- We are closed Monday, September 3rd for Labor Day!
- Please be sure to apply sunscreen on your kiddos before school. We will reapply in the afternoon.
- We are a nut free facility.
