STARTUP PROJECTS

2014

ProblemBolo - Hyderabad, India.

Founder and Chief Designer

Spearheaded a startup where I conceptualized, designed, developed, incorporated a web and mobile ecosystem to enable citizen participation in Egovernance. Designed the logos, marketing, graphic and branding material for all the corporate and media interfacing. Learned to create corporate pitch decks for investors, prepare business models, manage HR activities, and coordinate development & implementation teams to execute pilots. Used Adobe XD and Adobe Creative Suite to generate prototypes.

SPONSORED PROJECTS

Vax Pasadena - Pasadena Public Health Department

Interaction Designer | May 2021 - Anticipated completion Aug 2022

Ideating and designing a campaign and interaction concept to improve vaccination rate of Black and LatinX demographics between the ages 5-11 and 18-44 for the 91101 Pasadena community. Collaborating with Pasadena Public Health Department and other graphic & interaction designers at Art Center. Conducting user research and generating applicable ideas for on-ground implementation teams.

INDUSTRY WORK EXPERIENCE

2021

Green Tatwa - Hyderabad, India.

UIUX and Graphic Design Intern | Sept 2021 - Dec 2021

Designed web & mobile layouts and curated branding decks for GT's agri ecommerce marketplace. Collaborated with marketing, development team & onfield staff. Delivered long-term design and technology roadmaps. Obtained realworld exposure to large-scale grass-root level social projects. Used Adobe Illustrator and Adobe XD.

Myo Movement - Hyderabad, India.

Interaction and Graphic Design Intern | April 2021 - Aug 2021

Conceptualized & strategized end-to-end web ecosystem for Myo's fitness & training product. Designed Myo's Logo, curated branding decks & marketing material. Obtained cross-platform & multi-stakeholder-driven systems design understanding. Prototyped using Adobe XD and AfterEffects.

Open Play - Hyderabad, India.

Interaction Freelance Intern | Mar 2021 - May 2021

Conducted UX research & created user personas and user flows for Openplay's online gaming platform. Researched microinteractions to generate intuitive affordances and signifiers in game design UI.

INIKO - Hyderabad, India.

UIUX and Graphic Design Intern | Oct 2020 - Dec 2020

Conceptualized & Designed logo and web-interface for Inikos furniture Ecommerce platform. Generated long-term scalable design style guides that align with Iniko's B-2-B & B-2-C strategies. Prototyped on Figma and illustrated on ProCreate.

Kellton Tech - Hyderabad, India.

Interaction and Graphic Design Intern | May 2020 - Jul 2020

Designed Web & Mobile interfaces for Kellton's client companies, wireframed Kellton's in-house HRMS platform. Participated in time-sensitive design projects, learned to align new designs with pre-existing style guides and understood business-side pressures while creating design concept tenders for upper management. Prototyped using Miro and Adobe XD.

Adobe Creative Jam 2020.

UX Designer for Team TJS | Apr 2020 - May 2020

Brainstormed & designed a petitioning product for the World Ocean Agency in association with Adobe to raise awareness about dying coral reefs. Learned to strategically harness user personas & targeted demographics to enable social impact using Adobe's patented signature and AR technologies. Remotely collaborated using Zoom and generated the final concept on Adobe XD.

2019

Next Health Digital Solutions B.V. - Amsterdam, The Netherlands.

UIUX and Graphic Design Intern | Aug 2019 - Oct 2019

Designed logo & web interfaces for NHDS's comprehensive healthcare & consulting platform. Coordinated development of NHDS's website. Designed Smart Health-Card for Govt of Sri Lanka via NHDS. Applied inclusive design principles while executing real-world print & type based solutions. Used InDesign & Adobe Illustrator to generate the material print grids & outputs.

Interactivism - Pasadena, California.

UX Design Intern | Apr 2019 - May 2019

Conceptualized and designed wireframes for Smart Parking Meter for the city of Los Angeles. Also ideated user flows for a physical E-ink signage solution. Incorporated inclusive design principles, conducted user research & testing and delivered cross-platform and product-centric UX design. Used Indesign, Adobe XD and Adobe Illustrator to create the prototypes.

2017

Quolt - Hyderabad, India.

Mobile UX Design Intern Jun 2017 - Jul 2017

Designed the mobile interfaces of companion applications for a Pill Dispensing Device and an E-Cigarette. Studied luxury interface style guides for niche audiences. Prototyped using Adobe XD and Adobe Illustrator.

ABC Next, Government of Andhra Pradesh - Hyderabad, India.

UIUX and Graphic Design Intern | May 2017 - Jun 2017

Designed the logic mobile interfesses and espiral permission meetarial to identify and
