

What's Happening This Month?

Hello Yellow Room families! We are so excited to begin our new journey in Yellow Room! We have many fun activities this month!

First, we will be learning about Nursery Rhymes and Fairytales. Children will be hearing the stories and doing lots of fun activities. This week we will also be doing some STEM activities like building the Three Little Pigs' houses! The second week will be all about St. Patrick's Day and our Favorite Authors. We will have a fun week chasing leprechauns and reading books by Dr. Seuss and Eric Litwin! Week 3 will be all about Spring! Children will be learning about rain and flowers! We will also have them help organize our class for spring cleaning!

Lastly, we will be learning about Pond and Wetland Animals! The children will learn about the habitat and all about the animals who live there.

Reminders

- Please label clothes and water bottles with child's name
