

Remote Learning Resources for Early Childhood, Elementary and Middle School Students

<http://calculationnation.nctm.org/> **Calculation Nation®** is a free education service that uses the power of the Web to let students play games and challenge opponents from anywhere in the world. At the same time, students are able to challenge themselves by investigating significant mathematical content and practicing fundamental skills.

<https://figurethis.nctm.org/index.html> **Figure This!** demonstrates challenging middle school mathematics and emphasizes the importance of high-quality math education for each and every student. Find interesting math challenges that middle-school students can do at home with their families.

<https://www.nctm.org/coremathtools/> Core Math Tools is a [downloadable suite](#) of interactive software tools for algebra and functions, geometry and trigonometry, and statistics and probability. The tools are appropriate for use with any high school mathematics curriculum

TEAMS Distance Learning Library for K-12 Educators

Based out of Los Angeles, CA
