Experience

TableTop BoardGames, INCURSION

Digital Character Painter, Phoenix, Ariz.

Duration:

Sept. 2022 - Current

At TableTop BoardGames, I create digital paintings of characters for the player cards within the game. I research and apply the preestablished art style to continue a unified appearance. There is constant collaboration with the client to ensure that the desired vision comes to fruition. As I create digital paintings, I must apply my knowledge of color theory, lighting and shadows, and texture techniques to create compelling visuals that bring the characters to life.

RJ Animation

Conceptualizer and Collaborator, Phoenix, Ariz.

Sept. 2022 - Current

At RJ Animation, I conceptualize characters and create accurate turnarounds for 3D models. I must research references for specific character fusions and general knowledge of particular objects and creatures. Additionally, I make prop sketches intended for animation, refining them from animatics in greater detail and understanding the art style.

Yavapai County Superior Court

Proofreader, Prescott, Ariz.

Summers of 2020 - 2022

My job was proofreading and editing court transcripts for spelling and grammatical errors. While reading, I pay attention to details and mistakes that require a sharp eye, as skimming leads to missing an error. If unsure of a mistake or spelling error, I research the information to ensure correct usage. I communicate with the Court Reporter to meet deadlines and accomplish rush orders with expedited charges.

Skills

- Hand-Drawing
- Sketching
- Concept Drawings
