STRUCTURAL ENGINEERING

The pillar of the entire SYNER Group is the construction business. We have been active in the industry for 35 years, mainly in the field of building construction.

We have more than 800 successfully completed and usually unique projects to our name, which have received prestigious and professional awards.

REAL ESTATE DEVELOPMENT

We actively look for plots of land or other projects suitable for us in the area of residential or administrative construction.

Our portfolio of completed projects consists of residential housing, office and shopping centers, industrial zones, a golf course or a hotel.

INVESTMENTS

Our company does not focus on specific investment areas.

We are open to different opportunities that we consider meaningful.

PROFESSIONAL SPORT

We support field of sports on a sponsorship level, but also on a business level.

We are founders of Champions Hockey League. are part owners of ELH ice hockey club Bílí tygři Liberec, Judo-club Liberec and SINNERS Esports.

ASSET MANAGEMENT

We provide complete property management, retail, residential, sport and office complexes.

In 2025, we focused on the energy sector within our managed assets, and in the future, we plan to provide this service in our own development projects as well.
