

# My Bright Day: Information at Your Fingertips

Get Updates About Your Child Throughout the Day

## The Whole Day in Your Hands

Your child's day is filled with big moments – and we don't want you to miss even one. At **Bright Horizons®**, you'll have access to the **My Bright Day®** mobile app, where teachers post reminders and personalized updates on your child's activity, care information (diapers/naps/bottles, etc.), and learning and development milestones.

### Parents using the My Bright Day app are able to:

- ▶ Submit morning drop-off information
- ▶ View real-time updates on their child throughout the day, including care events and class learning experiences
- ▶ Receive learning and development milestones
- ▶ Save and collect memories (pictures, videos, notes, and daily reports) all in one place
- ▶ Be alerted of emergency notifications

Visit the **App Store** or **Google Play** to download **My Bright Day**.

“ I absolutely love this app and the ability to see what my little one is doing throughout the day. It really helps me to feel connected and to help plan our evening based on how the day went.

- BRIGHT HORIZONS PARENT ”
