Ms. Melissa

2019
March

Spring is in the Air

During the first week of March, students will be learning about weather. We will learn about the sun, rain, wind, snow and clouds.

Activities this week include counting raindrops on numbered umbrellas for math and making cool fork painted suns for art.

During the second week of March, students will be learning about spring. Topics include flowers, plants, butterflies, rainbows, and St. Patrick's Day. For literacy students will match uppercase flower letters to lowercase flowers. For math students will write numbers and place seeds over them.

During the last week of March, students will be learning about farm animals. We will learn about barns, baby animals, pigs, chickens, and tractors. Activities this week include students using mini tractors to trace the outlines of different letters in the alphabet, and making tissue paper pigs for art.

Letter of the Week

3/4 - 3/8 Xx

3/11 - 3/15 Yy

3/25 - 3/29 Zz

Reminders:

March 18-22
