

Happy Monday!

Action Items/ Save the Dates

- Good Afternoon! We hope everyone has had a great day and wish you success throughout the week!
- Teacher Appreciation is right around the corner, and we're thrilled that families are volunteering and dropping off items for our raffle. A huge thank you to everyone! Please drop off all items at the front desk in Building A, and our team will ensure they are placed in the designated space. We appreciate your support and are looking forward to celebrating our teachers and team together.
- The parent reps have organized for all parents and children to sign a poster for their class. These posters will be displayed during Teacher Appreciation Week, May 6 - May 10. You will find a stack of posters in the Lobby of each building.
 - Find your class poster
 - Take a marker
 - Write a note or draw a picture to show your teacher appreciation

The posters will be set out for drawing from April 22 - May 3
- This is the last week for the parent survey! If you've already completed the survey, please share your name with the front desk in your building. We'll make sure to include your name in our raffle. Thank you so much for your participation!
- **Save the Date:** April 29-May 3, 2024- Spring School Pictures
- **Action Item:** Spring Family Conferences Begin. Please utilize the Spring Family Conference sign-up below for your child's specific age group. More details below:
 - [Preschool & Kindergarten Prep April 29-May 3, 2024](#)
 - [Make Up Conferences May 13-17, 2024](#)

Vehicle Safety Reminders

With Spring and warmer weather upon us, we would like to remind you that it is unsafe to leave your children in your vehicle unattended, even for a minute. Not only are there features in vehicles that can make them unsafe when accessed by wandering hands, but according to the U.S. Department of Transportation's National Highway Traffic Safety Administration (NHTSA), "an average of 38 children die from heatstroke in hot vehicles each year."

"Heatstroke in children can happen quickly, as their bodies are smaller, heat up faster, and are therefore more prone to the effects of extreme temperatures. Heatstroke fatalities can happen in vehicles parked in shaded areas and in temperatures as low as 57 degrees, even with the windows cracked."

"NHTSA reminds the public that everyone can do their part to keep children safe:

- Do not leave your vehicle running unattended.
- Lock your car when you aren't using it.
- Never leave your child alone in a car, even if you think you'll only be gone for a minute.
 - ▶ Rolling down a window does little to keep a vehicle cool.
 - ▶ Heatstroke can happen even on a relatively cool day.
 - ▶ A vehicle can reach a dangerous temperature in as little as 10 minutes.

BRIGHT HORIZONS AT Jeannette Cathy Children's Center

NOW OPEN

Let Us Know How We're Doing!

Our **Family Satisfaction Survey** is now open, and we want to hear from you! *One survey link per family was shared via an email invitation sent to the CFA Staff Member's email.*

We invite you to complete the survey before it **closes on April 26th**.

Thank you for taking the time to provide us with valuable feedback.

NOW OPEN Spark Summit 2024

Join us this May for the 2024 Spark Summit, brought to you by the National Center for Early Education Excellence.

During this free, virtual, on-demand event, dive into the latest expert research in early childhood development and get practical applications you can implement at home.

[Register today](#) and enjoy the flexibility of watching sessions on your own schedule.
