MARCH

Week-Letter-Number

3/4	X	1
3/11	Y	2
3/18	Z	3
3/25	Review	4

Birthdays

March 12- Eliza & Fisher

March 16- Isaac

March 17- Jason

March 26- Ezra

March 31- David

March has arrived, and with it, another month packed full of fun themes and activities!

We will start off the new month by jumping into discussing different houses around the world. Children will learn about tee-pee's, houses found in Africa and Italy. They will explore making their own houses out of different materials like cardboard boxes and by using stamps.

We will then shift our focus to St. Patrick's day! We will have lot of fun learning about sequencing shamrocks, graphing lucky charms and even get a surprise visit from a leprechaun and find its pot of gold!

During the third week of March, we will focus on colors & numbers. Children will learn how to spell each color and number as well as learning them in Italian. As well, children will experiment by mixing colors together and finding secondary colors.

Lastly, we will learn about different weather. We will be conducting many experiments and discuss how we have rain, thunder and lightning. Children will also be making their own snow to play with.

It is going to be a month filled with fun hands on learning and we can't wait to get started!

STARS OF THE WEEK

3/4-8 Grace F.

3/11-15 Jack

3/18-22 Bexton

3/25-29 Lola
