Up to 2,000W Lifting Power Power More High-powered Appliances

With a rated power of 1,000W, AC70P can handle 98% of outdoor and home appliances. It also features a Power Lifting Mode that boosts the power up to 2,000W, enabling it to run high-powered resistive loads effortlessly, such as electric grills, hairdryers, kettles, and more.

Safe LiFePO₄ Battery & BMS Designed for 10 Years of Everyday Use

AC70P uses LiFePO₄ battery cells, which have a natural advantage of remarkable thermal and chemical stability, giving you better performance and longer life cycle. The built-in intelligent BMS (Battery Management System) protects your devices from potential risks such as over voltage, over temperature, overload and short circuits.
