

👤 profile

I specialize in 2D character animation, digital key illustration, and storyboarding. I bring visually stylized designs with eye-popping character animations, effects to capture the heightened animated reality, and impactful stories with themes that would appeal to a large demographic by blending drama, humor, and emotion. The stories I write can either be episodic or overarching with a good amount of character development and timeline continuity, giving off a sense of progression.

🎓 education

Bachelor of Science in Entertainment Design - Animation

ArtCenter College of Design - Pasadena, CA

September 2019 - April 2023

Brainstorm School - Burbank, CA

Summer 2022

✓ experience

Raggy's New Life – Animated Short Film – (January - December 2022)

ArtCenter College of Design

- Pitched short film idea and completed script to class; concept chosen for production by class and instructor
- Revised scripted using feedback from instructor and classmates
- Created storyboards using Storyboard Pro to visualize the film
- Animated sequences using Toon Boom Harmony
- Directed a team of 3 animators and artists in the pre-production, production, and post-production process; created a production schedule to keep the team on track and working to meet deadlines

Zeke's Magic Plant Shop – Animated Short Film – (January - April 2022)

ArtCenter College of Design

- Animated sequences using Toon Boom Harmony
- Worked with a team of seven animators and artists to coordinate the production of a short animated film.

Tim Sandal's Side Project – Animated Short Film – (September 2021 - April 2023)

ArtCenter College of Design

- Created two storyboard sequences using Storyboard Pro to visualize the opening of the film
- Animated seven sequences and inked characters using Toon Boom Harmony
- Learning the experience of working with a team of animators and artists from post-production, production, and post-production
