Incredible Imaginations

The Academy at Manhattan Beach

Hi Purple Room families! It's time to cool down with some fun in the Purple Room! We have a lot of fun activities planned for the month of August including water days to help us cool down during these hot summer days! This month we are going to be using our imaginations! We will be talking about the circus, wild west, dinosaurs and inventions/robots!

Kicking off the first week of August we will be learning all about the circus and carnival!

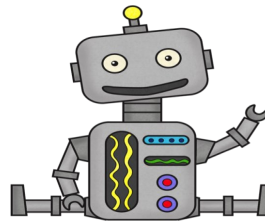

Kiddos will use forks dipped in orange paint to create the image of a lion's mane. Kiddos will also make a caramel apple with colored paper and beads for decoration. They will also sponge paint elephants.

The following week we will be learning about the Wild West! Yee-haw! Our little cowboys and cowgirls will be drawing their own wanted portrait, along with experimenting with lasso art. Kiddos will also use water colors to make their own dessert with a cactus in the background.

During the third week of August, we will learn all about robots and inventions. Kiddos will build customized airplanes with popsicle sticks and various shapes. They will also learn about the first invented telephone and will decorate their own phone. Kiddos will also make a robot and talk about why they created their robot.

The fourth week we will be focusing on dinosaurs! We explore the classroom for hidden fossils as well as create fossils using play doh and dinosaur shapes. Kiddos will stomp like dinosaurs and stomp on dinosaur eggs with letters written on them during literacy. Kiddos will also make their own brachiosaurus paper plate craft. They will paint paper plate green, and will add googly eyes, head, tail, and scales.
